

APPENDIX 1

STELLENBOSCH MUNICIPALITY

MEDIUM TERM REVENUE AND EXPENDITURE FRAMEWORK FOR THE FINANCIAL PERIOD 2017/2018 TO 2019/2020

We describe the vision of where we want to be as a municipality and the Greater Stellenbosch area as:

“THE INNOVATION CAPITAL OF SOUTH AFRICA”

Mission:

Our mission is to deliver cost-effective services that will provide the most enabling environment for civil and corporate citizens.

Our Values

In all of our work and engagements, we subscribe to the following values:

Character Leadership: We undertake to involve communities in planning development in their areas, provide regular progress reports on the implementation of those plans and deal decisively and swiftly with poor performance, mismanagement of council assets, corruption and fraud that are all impediments to good municipal governance.

Transformation: We will tirelessly work at transforming our municipality, communities and broader society as custodians of hope through unlocking the endless possibilities our valley holds treasure. This commitment is shaped by our understanding of the historical, spatial, social and economic inequalities rive in our valley.

Innovation: We will continuously review our systems, procedures and processes to make them less bureaucratic and more responsive to customer needs. We will acknowledge and reward initiatives which show creativity and ingenuity.

PART 1

A: RESOLUTIONS

It is recommended to Council,

- (a) that the Draft High Level Budget Summary, as set out in APPENDIX 1 – PART 1 – SECTION C; be approved for public release;
- (b) that the Draft Annual Budget Tables as prescribed by the Budgeting and Reporting Regulations, as set out in APPENDIX 1 – PART 1 – SECTION D, be approved for public release;
- (c) that the proposed Grants-In-Aid allocations as set out in APPENDIX 1 – PART 2 – SECTION J, be approved for public release;
- (d) that the three year Capital Budget for 2017/2018, 2018/2019 and 2019/2020, as set out in APPENDIX 1 – PART 2 – SECTION N, be approved for public release;
- (e) that the proposed draft rates on properties in WCO24, tariffs, tariff structures and service charges for water, electricity, refuse, sewerage and other municipal services, as set out in APPENDIX 3 , be approved for public release;
- (g) that the proposed amendments to existing budget related policies and other policies as set out in APPENDICES 4 - 28, be approved for public release.
- (h) that Council specifically note and consider the need to take up an external loan, needed for investment in income generating infrastructure to the tune of R240 million of which R160 million will be required in year 1 and R 80 million in year 2 (refer to Section G: High Level Budget Overview and Table A1 Budget Summary) and confirms draft approval of same; and
- (i) that Council specifically take note of the fact that the proposed electricity charges and tariff structure is subject to NERSA approval that could change materially.
- (j) that Council takes note of MFMA circulars 85 and 86 that was published to guide the MTREF for 2017/2018 to 2019/2020 as set out in APPENDICES 29 - 30.

B: EXECUTIVE SUMMARY

The 2016 Medium Term Budget Policy Statement by the Minister of Finance highlighted the reduction in South Africa's growth rate and weakening economy, which will likely persist for the next few years. The deteriorating state of the economy has an adverse and ripple effect on the public sector at large.

South African Gross Domestic Product growth for 2016 was forecasted at 0.9 per cent at the time of the 2016 Budget and it has since been revised to 0.5 per cent. However, growth is expected to improve to 2.2 per cent by the 2019 due to:

- more reliable electricity supply;
- improved labour relations;
- low inflation;
- recovery in business and consumer confidence;
- stabilising commodity prices; and
- stronger global growth

In the last financial period, employment fell by 112 000 jobs although employment growth was achieved in most urban municipalities. Unemployment rate increased from 25 per cent to 26.6 per cent as evidence of our struggling economy. Based on the June 2016 Quarterly Employment Statistics, all sectors, except construction, shed jobs in the second quarter of 2016.

In his budget speech on 22 February 2017, the Minister of Finance highlighted the importance of using the budget as a mechanism to accelerate economic transformation. As part of Government's transformation action agenda, the following programmes are a priority:

- Dignified living;
- Improved access to services and economic participation across all racial lines;
- Energised growth and create jobs;
- Increased investment and development

National priorities directly aligned to the National Development Plan, which are the cornerstone for South Africa's economic development, remain priorities for the municipality.

- Infrastructure development plays a pivotal role in improving the economy. Municipalities are encouraged to invest in upgrading of municipal roads, building waste water treatment works, installation of electricity networks, upgrading of sewer systems, building water reservoirs, etc.

With the population growth that Stellenbosch municipality has, especially in informal settlements, infrastructure needs to be upgraded to meet the demands of the communities. This also has a linkage in reduction of unemployment. Similar to 2015/16 and 16/17 financial years, the municipality's capital budget is huge.

- One of the biggest challenges South Africa is confronted with is lack of job creation, which remains a national and provincial priority. With the low scaling economy, it is a challenge for jobs to be created as the two have a direct relationship. Thus, it is paramount for municipalities to continue to undertake joint planning with their communities and respective business sectors that drive the local economy. Municipalities should explore opportunities to mainstream labour intensive approaches to delivering services. As a means to combat unemployment, the municipality would employ the following measures:
 - Full participation in the Expanded Public Works Programme;
 - Providing support to small businesses, which will create employment in the medium to long term;
 - Filling of vacancies within the municipality; and
 - Developing partnerships with academic institutions for training opportunities.
- A revised capacity building initiative, aligned to Back to Basics strategy, where the main focus will be on improving service delivery, accountability and financial management. It is always important that local government be effective and efficient, and this will be measured by its ability to perform the basic mandate of service delivery. The “Back to Basics” programme was launched to promote good governance and effective administration through cutting wastage, spending public funds prudently, hiring competent staff, and ensuring transparency and accountability in local government.

The President of South Africa, in his State of the Nation Address, on 9 February 2017 conceded that unemployment remains a national challenge and unpacked a nine point plan to reignite growth so that the economy can create much-needed jobs:

- Industrialisation
- Mining and beneficiation
- Agriculture and agro Processing
- Energy
- SMMEs
- Managing work place conflict Attracting investments
- Growing the oceans economy

- Tourism.

Curtailing the non-core expenditure has always been emphasized by the National Treasury. In order to maintain a funded budget, municipalities need to not only focus on tariff increases, but also to eliminate expenditure that is unnecessary. The following additional cost containment measures introduced by National Treasury will still be implemented:

- Restrictions on filling managerial and administrative vacancies, to review of human resource plans and elimination of unnecessary positions;
- Reduced transfers for operating budgets of public entities;
- Capital budgeting reforms to align plans with budget allocations while strengthening maintenance procedures;
- Mandatory use of the new e-tender portal, thereby enforcing procurement transparency and accessible reference prices for a wide range of goods and services;
- A national travel and accommodation policy and instructions on conference costs;
- New guidelines to limit the value of vehicle purchases for political office-bearers;
- Renegotiation of government leasing contracts; and
- New centrally negotiated contracts for banking services, ICT infrastructure and services, health technology, school building and learner support materials.

The emphasis of the National Budget is placed on ensuring that expenditure is allocated in an efficient manner, that management is enhanced and that cutting of waste occur. The 2017 Budget allocates resources to core social and economic priorities while containing aggregate expenditure growth. Spending plans give effect to priorities of the National Development Plan and the Medium Term Strategic Framework.

The application of sound financial management principles for the compilation of the Stellenbosch's financial plan is essential and critical to ensure that the municipality remains financially viable and that municipal services are provided sustainably, economically and equitably to all communities.

The Finance Minister also highlighted the importance of strengthening the financial management in municipalities and as a result, National Treasury and provincial treasuries have agreed to focus their efforts on four "game changers":

- The new Municipal Standard Chart of Accounts, which will be implemented from 1 July 2017, contributing to greater transparency and consistency of municipal finances.
- Targeted supply chain management interventions to achieve cost savings and combat fraud.

-
- Enhanced revenue management, including appropriate tariff-setting, regular billing and effective collection systems.
 - Improved asset management, including adherence to 8 per cent of the value of assets being spent on their maintenance.

The municipality has embarked on developing a revenue enhancement strategy to optimize revenue, including the collection of debt owed by consumers. Furthermore, the municipality has undertaken various customer care initiatives to ensure the municipality truly involves all citizens in the process of ensuring a people lead government.

Municipalities are encouraged by National Treasury to keep increases in property rates, tariffs for trading services and charges for other municipal own revenue sources within the parameters of the country's inflation rate. Furthermore, it is recommended that municipalities adopt a tariff setting methodology that achieves an appropriate balance between the interests of poor households and other customers while ensuring financial sustainability of the municipality. In light of the current drought being experienced across large parts of the country, and to mitigate the need for water tariff increases, it is important that municipalities put in place appropriate strategies to limit water losses to acceptable levels. Municipalities must therefore ensure that water used by its own operations is charged to the relevant service, and not simply attributed to water losses. Demand management is becoming increasingly necessary as the country faces water shortages and an unstable electricity supply. The approach to tariff setting should consider all these factors and strive to achieve an equitable balance.

Municipalities should consider the following facts during tariff setting process, namely, the costs of bulk purchases and the fluctuation in the seasonal cost thereof; the consumption patterns to enable better demand planning and management; and in the event that municipalities have been under recovering costs, embark on a process to correct their tariff structures over a reasonable time period so that cost reflective tariffs are achieved.

It is anticipated that the cost of providing municipal services will increase faster than the transfers from national government. Resource scarcity will most likely increase the cost of bulk purchases in respect of water and electricity beyond the country's inflationary targets. Provision of free basic services in the case of poorer households must be carefully considered and, where some municipalities have opted to provide this benefit to all households, this may not be financially sustainable in the long-term. It is of utmost importance that a municipality should re-evaluate, where appropriate, the costs and benefits of universal or targeted provision of free basic services subsidies, in order to protect their delivery to poor households in particular.

The provision of these subsidies should at no point remove resources from programmes that will expand access to infrastructure services for presently un-served households.

In instances where municipalities do not have an adequate revenue base and where they face a combination of challenges such as resource scarcity, high unemployment and slower than average economic growth, an aggressive approach to curbing non-core spending and improving operational efficiencies is strongly advised. The national budget focuses on fiscal consolidation. This means that we as municipalities must ensure that we do not borrow beyond our ability to repay and we do not spend money we do not have, until we ignite growth and generate revenue, we have to be tough of ourselves. During the compilation of the 2017/2018 MTREF budgets municipalities must consider improving the effectiveness of revenue management processes and procedures and pay special attention to cost containment measures by, amongst other things, controlling unnecessary spending on nice-to-have items and non-essential activities.

The municipality's revenue strategy was based on the following fundamentals:

- Tariff policies of the municipality
- Economic outlook and development for Stellenbosch and surrounding areas
- National Treasury's guidelines and macroeconomic policy
- National, Provincial and Regional fiscal growth rates
- Electricity tariffs as approved by National Electricity Regulator of South Africa (NERSA)

The main challenges experienced during the compilation of the 2017/18 MTREF can be summarized as follows:

- The on-going difficulties in the national and local economy;
- Aging infrastructure;
- The need to reprioritise projects and expenditure within the existing resource envelope given the cash flow realities and declining cash position of the municipality;
- The increased cost of bulk water and electricity, which is placing upward pressure on service tariffs to residents. Continuous high tariff increases are not sustainable - as there will be point where services will no-longer be affordable;
- Wage increases for municipal staff that continue to exceed consumer inflation, as well as the need to fill critical vacancies;
- Reductions in allocations of National and Provincial grants due to a worsening fiscal outlook; and
- Limited resources to deal with all key priorities.

The following budget principles and guidelines directly informed the compilation of the 2017/18 MTREF:

- Integrated Development Plan was used to inform the measurable objectives, targets and backlog eradication goals;
- Tariff and property rate increases should be as affordable as possible and should ideally not exceed inflation as measured by the CPI, except where there are price increases in the inputs of services that are beyond the control of the municipality. However, tariffs need to remain or move towards being cost reflective, and should take into account the need to address infrastructure backlogs;
- National, provincial and local priorities;
- Headline inflation forecasts; and
- Funding choices and modelling.

The total budget quantum for the 2017/2018 year is R1 868 397 735 of which R1 477 741 225 (79.09%), is allocated to the operating budget and R390 656 510 (20.91%) to capital investment.

OPERATING BUDGET – REVENUE

Overall revenue budget increase was limited to 0.44% resulting in annual operating revenue decreasing from R1 472 645 093 614 in 2016/2017 to R1 479 114 306 in 2017/2018. Taking cognisance of the economic conditions, the resultant low employment levels and levels of disposable income, it was important to keep services affordable by critically looking at the costs associated with providing the service and the effect on future service charges to provide the services.

Accordingly leadership and management investigated potential pitfalls and amongst others found that spiralling expenditure on employee costs did not keep trend with realistically anticipated revenue streams, compounded by the decline in electricity surpluses as a result of higher input costs to provide the service.

REVENUE CATEGORIES	2016/2017	2017/2018	% INCR.
Property Rates	288,275,033	313,009,130	8.58%
Electricity	476,092,465	496,336,460	4.25%
Water	128,206,283	143,043,290	11.57%
Sewerage	79,409,057	88,676,812	11.67%
Refuse	42,012,720	46,350,734	10.33%
Rental of facilities	14,886,249	17,993,960	20.88%
Fines	92,030,972	97,064,330	5.47%
Licences and Permits	8,099,750	9,413,460	16.22%
Operational + Capital grants	250,705,034	188,479,000	-24.82%
Sundry Income	92,927,530	78,747,130	-15.26%
Operating Revenue	1,472,645,093	1,479,114,306	0.44%

- Average tariff increases:

Electricity	1.88%
Water	7.00%
Sanitation	9.00%
Refuse removal	9.00%
Propetry Rates: Residential	-24.67%
Propetry Rates: Agricultural	-24.30%
Propetry Rates: Business	-17.28%
- The Municipality succeeded in accessing the grant allocation: EPWP Incentive Grant for Municipalities in a bid to give some relief to the poorest of the poor by means of contract employment opportunities over the short term. The allocation increased from R1 758 000 in 2016/2017 to R4 820 000 in 2017/2018.
- The low percentage increase in revenue is a result of a decrease in grant funding from 2016/17 to 2017/2018 financial year/s:
 - Human Settlements Grant decreased from R34 150 000 in 2016/17 to R7 767 000 in 2017/18; and

-
- During the 2016/17 financial year the municipality received an amount of R32 809 000 for Regional Bulk Infrastructure Grant (RBIG) funding. However for the 2017/18 financial year no RBIG funding were received.

Rates

In the 2017/2018 financial year, the Property Rates Tariff paid by owners will decrease, whilst total rates income will increase by 7.3% as a result of the implementation of new General Valuations from 1st July 2017. Rates rebates to senior citizens and disabled persons are also available as per the requirements of the amended Property Rates Policy to qualifying ratepayers with a monthly income of R15 000 or less.

Electricity

According to NERSA, the inclining block rate tariff structure is commonly used to charge for water usage. The feature of this tariff structure is that the more you use, the higher the average price. The objective of the inclining block tariff is to provide protection for lower usage customers against high price increases resulting in a reduction in tariffs to these customers. This means that higher consumption customers will see increasingly punitive charges based on their electricity usage. The municipality is implementing the directive from NERSA as part of the Municipality's Licensing Agreement and as a result had to deal with the negative impact of a declining Electricity surplus, year-on year, putting more pressure on the level and quality of services provided.

Council's attention is further drawn to the fact that the proposed electricity tariff is at 1.88% whereas the increase in electricity bulk purchases for the 2017/2018 financial year is 0.33% as approved by NERSA (National Electricity Regulator of South Africa) for implementation by all municipalities.

Water

Taking cognizance of the plight of the poor and the affordability of basic services, the average tariff increase for the rest of the consumptive water scales is 7%. The tariff is designed to cater for future investment in basic water infrastructure and the need to generate surpluses. **It is however important to note that the proposed revenue as per table A4 (Appendix 1 – Part 1 – Section D) is based on the anticipated actual performance of the income to be derived in 2016/2017 and not based on the approved budget for the same year.**

Sewerage (Sanitation)

The proposed increase in this tariff is 9%. This tariff increase is necessitated by operational requirements, maintenance of existing aging infrastructure, new infrastructure financing/provision and to ensure that the service is delivered in a sustainable manner. **It is however important to note that the proposed revenue as per table A4 (Appendix 1 – Part 1 – Section D) is based on the anticipated actual performance of the income to be derived in 2016/2017 and not based on the approved budget for the same year.**

Refuse (Solid Waste)

The solid waste tariffs were modelled to give effect to the principle of the service charge being cost reflective as the service cannot be cross-subsidized. It is proposed that the tariff increases by 9% as a result of the before mentioned. The very nature of this tariff does not lend it to financing the expansion of the landfill site and therefore the proposed extension by way of constructing the new cell, was funded from council's own reserves.

It is however important to note that the proposed revenue as per table A4 (Appendix 1 – Part 1 – Section D) is based on the anticipated actual performance of the income to be derived in 2016/2017 and not based on the approved budget for the same year.

Sundry Income

The Sundry Income for 2016/2017 includes an amount for fair value increase. The income item fair value increase represents the increase in the value of investment property under the fair value model.

The municipality decided to change the measurement basis of investment property to the cost model, therefor will not realise a fair value increase in the 2017/2018 and subsequent financial years.

Debt Management

The municipality is currently executing all credit control and debt collection procedures as required in the Credit Control and Debt Collection policy approved on the 30th of May 2013. These internal procedures followed include the disconnection of services, where there are services that can be disconnected, the issuing of final notices, the conclusion of reasonable agreements where the settlement of the accounts are not possible and also the follow up on defaulting debtors not honoring arrangements.

The municipality continuously enforces the above procedures to ensure that debt which is collectable is collected and all debt that is regarded as not recoverable, be written off.

The municipality has also promulgated the Credit Control and Debt Collection By-Law on the 4th of March 2011 to strengthen the internal credit control and debt collection procedures through handing over of all debt over 90 days to the appointed attorneys.

A zero tolerance approach will be followed where consumers are able to pay for services, as this indirectly denies paying consumers the level and standard of service that they are entitled to.

OPERATING BUDGET - EXPENDITURE

The budget sees an increase in annual operating expenditure from R1 450 845 362 in 2016/2017 to R 1 477 741 225 in 2017/2018. This 1.85% increase is primarily due to increases in several expenditure categories, examples which are included in the table below:

EXPENDITURE CATEGORIES	2016/2017	2017/2018	% INCR.
Employee Related Costs	406 477 815	479 848 133	18.05%
Remuneration of Councillors	17 026 814	17 292 583	1.56%
Depreciation	165 199 810	168 339 341	1.90%
Finance Charges	20 221 544	28 621 545	41.54%
Bulk Purchases	344 316 751	346 142 560	0.53%
Other Expenditure	497 602 628	437 497 063	-12.08%
Total Expenditure	1 450 845 362	1 477 741 225	1.85%

Council to note the upward pressure of external borrowing interest (Finance Charges) on future tariffs. In this regard, strong political will and strategic leadership is required to ensure that the municipality maintains the position of being responsive to its communities by ensuring that service charges are kept affordable and realistic by amongst other, critically investigating funding choices and expenditure decisions.

Explanation of significant expenditure variances:

Finance Charges

The interest payable for the 2017/2018 financial year has been calculated on the maximum amount of possible borrowings drawn down up to the end of the 2017/2018 financial year.

Bulk Purchases

The municipal tariff guideline increase issued by NERSA setting the bulk purchase increase at 0.33%, whilst the increase on water was estimated at 6% as the bulk purchase charges of the City was not available at the time of compilation.

Other expenditure

The decrease in other expenditure is result of the re-classification of the contribution to provision for post retirement benefit to employee related cost. The re-classification was done inline with mSCOA.

Repairs and Maintenance increased with 14.32% from R83 498 996 in the original budget of 2016/2017 to R95 459 403 in 2017/2018, but still not within the guideline issued by National Treasury for this expenditure category. However evaluating the credibility of repairs and maintenance budget is not as straight forward as reflected and neither a simple sum depicted as an expression in percentage terms of the asset base.

It should also be noted that due to the implementation of GRAP17 and the unbundling process, the asset base of the municipality tripled in value, creating a skewed picture of what is the Rand value needed to maintain said infrastructure.

Although the budget may seem inadequate when compared with National Treasury's ratio, it is credible considering the state of the municipality assets, current and future investment and our approach of considering the impact of an irresponsible phased approach.

CAPITAL BUDGET

The capital budget decreased from R 464 730 382 in 2016/2017 to R 390 656 510 in 2017/2018.

DIRECTORATE	2016/2017	2017/2018	% INCR.
Municipal Manager	35 000	35 000	0.00%
Planning and Development	3 332 732	5 393 000	61.82%
Human Settlements	47 823 520	32 872 000	-31.26%
Community and Protection Services	32 043 184	19 023 700	-40.63%
Engineering Services	368 920 918	323 462 810	-12.32%
Strategic and Corporate Services	12 045 178	8 000 000	--33.58%
Financial Services	529 850	1 870 000	252.93%
Total Expenditure	464 730 382	390 656 510	-15.94%

FUNDING SOURCE	2016/2017	2017/2018	% INCR
Capital Replacement Reserve	351 029 062	170 519 510	-51.42%
External Loan	0	160 000 000	%
National Government	80 106 000	47 594 000	-40.59%
Provincial Government	20 421 000	12 543 000	-38.58%
Public Contributions and donations	13 174 320	0	-100.00%
	464 730 382	390 656 510	-15.94%

Major capital expenditure is planned in the following areas during the 2017/2018 financial year:

Electricity

- Energy Efficiency and Demand Side Management
- Integrated National Electrification Programme
- Electricity Network

Roads, Stormwater and Traffic Engineering

- Reconstruction of roads
- Upgrade of Gravel Roads
- Reseal of Roads

- Main Roads Intersection Improvements
- Klapmuts Public Transport Interchange

Solid Waste

- Major Drop-offs : Construction- Franschhoek

Water Services

- Extension of WWTW: Stellenbosch
- Relocation/ Upgrading main Water Supply line: Idas Valley Storage Dams
- Bulk Sewer Outfall: Jamestown
- Bulk water supply Pipe Reservoir: Dwarsriver (Johannesdal/Kylemore/Pniel)
- New Plankenburg: Main Sewer Outfall
- Water Treatment Works: Paradyskloof
- Waterpipe Replacement
- Idas Valley Merriman Outfall Sewer

Sports Fields

- Upgrade of Sports Facilities

Information Technology

- Upgrade and Expansion of IT Infrastructure Platforms

Human Settlements

- New Community Halls Klapmuts
- Housing Project Kayamandi Watergang/ Zone O

C: HIGH LEVEL BUDGET SUMMARY

	Operating Income R	Operating Expenditure R	Capital Expenditure R	Total Budget R
Municipal Manager	240,000	21 917 937	35 000	21 952 937
Planning & Development Services	12,348,450	55 522 449	5 393 000	60 915 449

EXPLANATORY NOTES

Table A2: Budgeted Financial Performance (revenue and expenditure by functional classification)

Revenue – Functional

Function: Governance and Administration

Sub-function: Finance and Administration

Although there is a 27% decrease in property rates tariffs, the increase in revenue results from the increase in valuation of properties and increase in equitable share.

Function: Community and Public Safety

Sub-function: Community and Social Services

The increase in revenue results from an increase in tariffs. It is however important to note that the proposed revenue is based on the anticipated actual performance of the income to be derived in 2016/2017 and not based on the approved budget for the same year.

Function: Community and Public Safety

Sub-function: Public Safety

The increase in revenue results from an increase in tariffs. It is however important to note that the proposed revenue is based on the anticipated actual performance of the income to be derived in 2016/2017 and not based on the approved budget for the same year.

Function: Community and Public Safety

Sub-function: Housing

The human settlements grant was reduced by R26mil (77%) from the preceding year.

Function: Economic and Environmental Services

Sub-function: Planning and Environment

The increase in revenue results from an increase in tariffs. It is however important to note that the proposed revenue is based on the anticipated actual performance of the income to be derived in 2016/2017 and not based on the approved budget for the same year.

Function: Trading Services

Sub-function: Energy Sources

Due to an increase in tariffs. It is however important to note that the proposed revenue is based on the anticipated actual performance of the income to be derived in 2016/2017 and not based on the approved budget for the same year.

Function: Trading Services

Sub-function: Water Management

Increase due to annual tariff increase. It is however important to note that the proposed revenue is based on the anticipated actual performance of the income to be derived in 2016/2017 and not based on the approved budget for the same year.

Function: Trading Services

Sub-function: Waste Water Management

Decrease due to RBIG funding that was not allocated to the municipality in the 2017 MTREF. The RBIG funding for the 15/16 financial year was R33mil, which was used to fund the Stellenbosch WWTW project.

Function: Trading Services

Sub-function: Waste Management

Increase due to annual tariff increase. It is however important to note that the proposed revenue is based on the anticipated actual performance of the income to be derived in 2016/2017 and not based on the approved budget for the same year.

Expenditure – Functional

Function: Governance and Administration

Sub-function: Finance and Administration

The minor increase emanates from the new sub-function of “Internal Audit” which has been disclosed separately from Finance and Administration for the mSCOA reforms.

Function: Governance and Administration

Sub-function: Internal Audit

New mSCOA sub-function.

Function: Community and Public Safety

Sub-function: Community and Social Services

“Fire Services” and “Street Cleaning” are now disclosed under separate functions and this has decreased the expenditure of the sub-function.

Function: Community and Public Safety

Sub-function: Public Safety

The decrease is a result of re-classification/ re-categorization of items to functions in alignment with mSCOA.

Function: Community and Public Safety

Sub-function: Housing

The human settlements grant was reduced by R26mil (77%) from the preceding year.

Function: Economic and Environmental Services

Sub-function: Road Transport

The decrease is a result of re-classification/ re-categorization of items to functions in alignment with mSCOA. The departments for traffic services, which were previously disclosed under “Public Safety” function, are now disclosed under “Road Transport”.

Function: Trading Services

Sub-function: Waste Management

The increase results from the inclusion of “street cleaning” function, which was previously under the “Community and social services” function.

EXPLANATORY NOTES

Table A3: Budgeted Financial Performance (revenue and expenditure by municipal vote)

Revenue by Vote

Planning and Development

Building Control

The increase is due to the substantial tariff increases.

Human Settlements

Integrated Human Settlements

The decrease is due to the reduced human settlements grant funding.

Engineering Services

Refuse Removal

Increase due to annual tariff increase. It is however important to note that the proposed revenue is based on the anticipated actual performance of the income to be derived in 2016/2017 and not based on the approved budget for the same year.

Sewerage

Decrease due to the exclusion of the Regional Bulk Infrastructure Grant for the waste water treatment works in Stellenbosch.

Water Services

Increase due to annual tariff increase. It is however important to note that the proposed revenue is based on the anticipated actual performance of the income to be derived in 2016/2017 and not based on the approved budget for the same year.

COMMUNITY AND PROTECTION SAFETY

Parks, Rivers and Area Cleaning

The increase is a result of re-classification/ re-categorization of items to functions in alignment with mSCOA.

Expenditure by Vote

HUMAN SETTLEMENTS

Integrated Human Settlements

The decrease is due to the reduced human settlements grant funding.

ENGINEERING SERVICES

The decrease in the vote's expenditure is attributable to implementation of the cost containment measures and splitting the finance charges from borrowings (which were previously accounted for in the vote) between different votes.

COMMUNITY AND PROTECTION SERVICES

Law Enforcement

The increase is a result of re-classification/ re-categorization of items to functions in alignment with mSCOA.

STRATEGIC AND CORPORATE SERVICES

Human Resources

The increase in expenses is because of the centralization of recruitment costs to the Human Resources Department.

FINANCIAL SERVICES

Financial Services General

The steep increase is due to increase of a re-classification/ re-categorization of items to functions in alignment with mSCOA.

References

1. Classifications are revenue sources and expenditure type
2. Detail to be provided in Table SA1
3. Previously described as 'bad or doubtful debts' - amounts shown should reflect the change in the provision for debt impairment
4. Expenditure type components previously shown under repairs and maintenance should be allocated back to the originating expenditure group/item: e.g. employee costs
5. Repairs & maintenance detailed in Table A9 and Table SA34c
6. Contributions are funds provided by external organisations to assist with infrastructure development: e.g. developer contributions (detail to be provided in Table SA1)
7. Equity method (Includes Joint Ventures)

EXPLANATORY NOTES

Table A4: Budgeted Financial Performance (revenue and expenditure)

Revenue by Source

Property Rates

Increase in Property Rates revenue is based on the significant increase in property valuations, although the average tariff for property rates decreased.

Water

Proposed revenue is based on the anticipated actual performance of the income to be derived in the 2016/2017 financial year and not based on the approved budget for the same year. Therefore the increase in income is more than the revenue to be derived from the average tariff increase of 7%.

Sewerage

Proposed revenue is based on the anticipated actual performance of the income to be derived in the 2016/2017 financial year and not based on the approved budget for the same year. Therefore the increase in income is more than the revenue to be derived from the average tariff increase of 7%.

Refuse

Proposed revenue is based on the anticipated actual performance of the income to be derived in the 2016/2017 financial year and not based on the approved budget for the same year. Therefore the increase in income is more than the revenue to be derived from the average tariff increase of 6.2%.

Expenditure by type**Employee Related Costs**

The increase in Employee Costs emanates from the outcomes of the TASK evaluation process.

Finance Charges

The increase in Finance Charges is as a result of increased borrowings.

Other Expenditure

Refer to attachment of Table A1 for detail.

EXPLANATORY NOTES

Table A5: Budgeted Capital Expenditure by vote, standard classification and funding

The overall decrease in the capital budget is due to massive investment in infrastructure that was under-taken in the 15/16 and 16/17 financial years to redress the infrastructure backlog. The 2017-2020 MTREF capital budgets are to “consolidate” infrastructure investments.

Furthermore, there were reductions in capital grants that limited the municipality in expanding the infrastructure and asset base in the form of RBIG, Human Settlements Grant and INEP.

WC024 Stellenbosch - Table A6 Budgeted Financial Position

References

1. Include services provided by another entity; e.g. Eskom.
2. Stand distance <= 200m from dwelling
3. Stand distance > 200m from dwelling
4. Borehole, spring, rain-water tank etc.
5. Must agree to total number of households in municipal area (informal settlements receiving services must be included)
6. Include value of subsidy provided by municipality above provincial subsidy level
7. Show number of households receiving at least these levels of services completely free (informal settlements must be included)
8. Must reflect the cost to the municipality of providing the Free Basic Service

PART 2

A: OVERVIEW OF STELLENBOSCH MUNICIPALITY

Background

Stellenbosch Municipality is located in the heart of the Cape Winelands. It is situated about 50 km from Cape Town and is flanked by the N1 and N2 main routes. The municipal area covers approximately 900 km².

The Stellenbosch Municipality at a Glance

Stellenbosch Municipality is located in the heart of the Cape Winelands. It is situated about 50 km from Cape Town and is flanked by the N1 and N2 main routes. The municipal area covers approximately 900 km² and has a population of approximately 155 000 people.

The Municipality's area of jurisdiction includes the town of Stellenbosch and stretches past Jamestown to as far as Raithby in the south, to Bottelary, Koelenhof, and Klappmuts to the north, and over the Helshoogte Pass to Pniel, Kylemore, Groendal and Franschhoek in the east.

Apart from formal settlement areas, the municipal area also includes a number of informal settlements. Stellenbosch town is the second oldest town in South Africa, dating back to 1679 when an island in the Eerste River was named Stellenbosch by the then Governor of the Cape, Simon van der Stel. The first farming activities in the area were started in 1679. Today, the area has become primarily known for its extraordinary wines and its fruit. The towns of Stellenbosch and

Franschhoek are renowned for various architectural styles such as Dutch, Georgian and Victorian, which reflect their heritage and traditions, but also divisions of the past.

The area houses excellent educational institutions, including the University of Stellenbosch and a number of prestigious schools. It has a strong business sector, varying from major South African businesses and corporations, to smaller enterprises and home industries. The tourism industry alone is responsible for the creation of about 18 000 jobs in the area. Wine farms and cellars abound, and the area is the home of the very first wine route in South Africa.

A variety of sport facilities is available. Coetzenburg, with its athletics and rugby stadiums, has hosted star performances over many generations. The municipal area has a number of theatres, which include the University's HB Thom Theatre, Spier Amphitheatre, Klein Libertas Theatre, Dorpsstraat Theatre, Aan de Braak Theatre, and Oude Libertas Amphitheatre– renowned for its summer season of music, theatre and dance.

The area is known for its quality, award-winning restaurants and is a tourist haven with many boutiques, galleries, and curio shops. There are several museums and art galleries and the area is host to a number of annual cultural, food and wine, and sports festivals. A wide array of accommodation is available for visitors to choose from. Welfare and community organizations abound and the Municipality and University play a leading role in assisting to meet the needs of previously neglected communities.

THE STATE OF THE GREATER STELLENBOSCH AREA

1. INTRODUCTION

The information contained in this profile highlights statistics for the Stellenbosch Municipality in relation to the district and the broader Western Cape Province. This profile primarily uses data sourced from Socio-economic profile from Western Cape Government (Stellenbosch 2016). The data used by Western Cape Government include StatsSA data from Census 2011.

Statistics South Africa (StatsSA), administrative data from Provincial Treasury and other sector departments, the 2015 MERO and Quantec. The latest survey data available at municipal level from Statistics South Africa includes the 2011 Census data. The updated population forecasts by the Department of Social Development are valuable and will assist with future planning.

In all, the profile reflects the socio-economic reality of the area. As such, valuable insight can be gained as to the developmental challenges faced by communities residing within a specific geographical area.

Stellenbosch Municipality has shown improvement over the years with regard to its socio-economic environment. The Municipality has a strong economic resource base including human capital that could contribute to economic growth and development. The favorable economic climate in Stellenbosch has led to decreasing poverty levels.

Stellenbosch Municipality is hard hit when it comes to residential burglaries and drug-related crime. Murders is also a challenge as the murder rate per 100 000 population, at 45, is the highest in the District.

Economic growth in Stellenbosch is the strongest within the District, with the post-recession recovery period (2010 - 2013) growth at 3.7 per cent per annum. Despite high job losses in the agriculture sector, Stellenbosch was the only municipality in the District to experience overall net growth in employment over the 2005 - 2013 period.

Despite the progress in relation to other municipalities, poverty levels are still relatively high, which places increased reliance on indigent support from the Municipality and other special services being provided by the Province.

Given strong population growth and continued emphasis on economic growth and development, the need to conserve and better manage limited resources, including that of the environment, is becoming more pronounced. The interface of the environment with social and economic sectors will also require much more attention and emphasis in coming years.

Source: Western Cape Government: Socio-economic Profile – Stellenbosch Municipality 2016

2.1 DEMOGRAPHIC PROFILE

Stellenbosch has the second largest population in the Cape Winelands District which, according to the forecasts of the Western Cape Department of Social Development, is estimated to be **173 557** in 2017¹. This total gradually increases across the 5-year planning cycle and is expected to reach **190 677** by 2023. This equates to an approximate **9.9 per cent growth** off the 2017 base estimate. In 2017, Stellenbosch's population gender breakdown will be relatively evenly split between male (84 849, 48.9 per cent) and female (88 708, 51.1 per cent). For 2023, the split is anticipated to be 93 125 (48.8 per cent) and 97 552 (51.2 per cent) for males and females respectively.

Age Distribution

Stellenbosch's population is expected to in 2017 be strongly concentrated within the 20 – 24 and 25 – 29 age categories. This concentration can possibly be attributed to several factors. Firstly, as Stellenbosch is a university town, many school finishers do not leave the region, but continue their studies locally. There is also the large influx of students that temporarily migrate to Stellenbosch in order to study at the University.

These students do not specifically earn an income which could potentially increase the Municipality's dependency ratio. Stellenbosch's economy is also driven by the agricultural sector which requires the seasonal influx of labour.

Households

In order to ensure basic service delivery to all, municipal budget allocations should be informed by credible and accurate assumptions regarding the number of households within a municipal area.

According to Census 2011, there were **43 420** households within the greater Stellenbosch region in 2011. As per the 2016 Community Survey estimates, the number of households increased to **52 374** in 2016 which equates to a 20.6 per cent increase off the 2011 base.

Age Cohorts

Year	Children: 0 – 14	Working Age: 15 – 65	Aged: 65 +	Dependency Ratio
2011	35 545	112 533	7 654	38.4
2017	40 500	123 338	9 719	40.7
2023	44 103	134 294	12 280	42.0

Stellenbosch is expected to experience rising dependency ratios of 38.4, 40.7 and 42.0 across 2011, 2017 and 2023 respectively. As higher dependency ratios imply greater strain on the working age to support their economic dependents (children and aged), this increase will have far reaching social, economic and labour market implications. An increase in the dependency ratio is often associated with a relative decrease in the working age population.

From a national perspective, the relative decrease in the working age population will result in lower tax revenues, pension shortfalls and overall inequality as citizens struggle to tend to the needs of their dependents amidst increased economic hardship. At the municipal level, this decrease in the working age population will also result in a smaller base from which local authorities can collect revenue for basic services rendered and will necessitate the prioritisation of municipal spending.

2.2 EDUCATION

Literacy

Literacy is used to indicate a minimum education level attained. A simple definition of literacy is the ability to read and write, but it is more strictly defined as the successful completion of a minimum of 7 years of formal education. Since most learners start school at the age of 7 years, the literacy rate is calculated as the proportion of those 14 years and older who have successfully completed a minimum of 7 years of formal education. The literacy rate in Stellenbosch was recorded at 84.9 per cent in 2011 which was higher than the average literacy rates of the Cape Winelands District (81.7 per cent) and the rest of South Africa (80.9 per cent). It was however lower than that of the Western Cape (87.2 per cent).

Learner Enrolment

Learner enrolment in Stellenbosch dropped by 1 383 learners between 2013 and 2014, which might be due to the inclusion of data on learners with special education needs (LSEN) in the 2013 WCED survey. Subsequently, learner enrolment increased with 855 learners between 2014 and 2015.

Learner-Teacher Ratio

The learner-teacher ratio within Stellenbosch remained below 30 learners per teacher between 2012 and 2014 but deteriorated to 33 learners per teacher in 2015. According to the Department of Education the number of learners per teacher was 30.3 in 2010. Factors influencing the learner-teacher ratio is the ability of schools to employ more educators when needed and the ability to collect fees.

Grade 12 Drop-Out Rates

The drop-out rate for learners within Stellenbosch that enrolled from Grade 10 in 2014 to Grade 12 in 2016 was recorded at 23 per cent. These high levels of high school drop-outs are influenced by a wide array of socio-economic factors including teenage pregnancies, availability of no-fee schools, indigent households and unemployment.

Educational Facilities

The availability of adequate education facilities such as schools, FET colleges and schools equipped with libraries and media centres could affect academic outcomes positively.

Stellenbosch had 40 schools in 2015 which had to accommodate 26 129 learners at the start of 2015. Given the tough economic climate, schools have been reporting an increase in parents being unable to pay their school fees. Despite this situation, the proportion of no-fee schools has remained at 65.0 per cent between 2014 and 2015, which could in future further increase the drop-out rate. There is thus an increased need for the Western Cape Department of Education (WCED) to offer certain fee-paying schools to become no-fee schools. The number of schools equipped with libraries increased from 29 in 2014 to 31 in 2015 indicating a positive change towards improvement of education outcomes in Stellenbosch.

Education Outcomes

Education remains one of the key avenues through which the state is involved in the economy. In preparing individuals for future engagement in the labour market, policy choices and decisions in the sphere of education play a critical role in determining the extent to which future economic and poverty reduction plans can be realised.

Stellenbosch's matric outcomes remained consistently above 85 per cent between 2013 and 2015, with the highest pass rate of 88.1 per cent recorded in 2013, but a lower rate of 85.6 per cent in 2015.

2.3 HEALTH

The information provided by the Department of Health as detailed in this section, pertains only to public sector healthcare institutions. Any privately provided facilities or services are not reflected in the information below.

Healthcare Facilities

All citizens' rights to access to healthcare services are directly affected by the number and spread of facilities within their geographical reach. South Africa's healthcare system is geared in such a way that people have to move from primary, with a referral system, to secondary and tertiary levels.

The Cape Winelands District has a range of primary healthcare facilities which includes 41 fixed clinics, 34 mobile/satellite clinics, 6 community day centres and 4 district hospitals. Of these facilities, 7 fixed clinics, 7 mobile/satellite clinics and 1 district hospital are situated within the Stellenbosch municipal area.

Emergency Medical Services

Health Indicator	Stellenbosch	Cape Winelands
EMS Operational Ambulances	5	36
Population (2017)	173 557	853 423
No. of operational ambulances per 10 000 people	0.29	0.42

Access to emergency medical services is critical for rural citizens due to rural distances between towns and health facilities being much greater than in the urban areas. Combined with the relatively lower population per square kilometre in rural areas, ambulance coverage is greater in rural areas in order to maintain adequate coverage for rural communities. Within the Cape Winelands District, Stellenbosch has 0.29 ambulances per 10 000 population, lower than the district average of 0.42.

HIV/AIDS

Health Indicator	Stellenbosch	Cape Winelands
Total registered patients receiving ART	4 808	23 172
No. of new ART patients	921	5 195
HIV Transmission Rate	2.6%	1.7%

At the end of March 2016, anti-retroviral treatment (ART) was provided to over 200 000 persons in the Province, 23 172 of whom were in the Cape Winelands District and 4 808 in the Stellenbosch municipal area. At the end of March 2016, 921 new ART patients were being treated from 9 treatment sites in the Stellenbosch municipal area.

In addition to improving the quality of life of the patient, anti-retroviral treatment to mothers both before and at birth, also decreases the chances that infants will contract HIV from their mothers.

The most recent information for Stellenbosch indicates a mother-to-child transmission rate of 2.6 per cent which is higher than the 1.7 per cent District and the 1.4 per cent Provincial rate as well as the medium term annual target for 2015/16 and 2016/17.

Tuberculosis

The number of TB patients in the Cape Winelands District increased over the past few years, reaching 7 531 in 2015/16, treated at 102 clinics or treatment sites. In the Stellenbosch municipal area, the patient load had a slight decrease in 2015/16. Most recent information shows a patient load of 1 177 with treatment administered from 16 clinics or treatment sites.

Child Health

Health Indicator	Stellenbosch	Cape Winelands
Immunisation	83.5%	78.4%
Malnutrition	0.4	1.4
Neonatal mortality rate	2.2	6.5
Low birth weight	9%	15%

In 2015, the full **immunisation coverage rate** for the Cape Winelands was 78.4 per cent. In Stellenbosch it was higher at 83.5 per cent, showing a deterioration from the 2014 rate of 86.0 per cent. The number of malnourished **children under five years** in the Cape Winelands in 2015 was 1.4 per 100 000 children. Stellenbosch's rate currently at 0.4 is lower than the District rate.

The District's **neonatal mortality rate** of 6.5 is higher than the Province's 2019 target of 6.0 per 1 000 live births. Stellenbosch's rate at 2.2 is lower than the District rate and the Provincial target and has improved from the 2014 rate of 4.0. In the Cape Winelands District, 15.0 per cent of babies born were **underweight**; at 9.0 per cent, Stellenbosch's rate is lower than the District's and the Provincial average of 14.5 per cent.

Maternal Health

Health Indicator	Stellenbosch	Cape Winelands
Maternal Mortality Ratio	0	46.5
Delivery Rate to Women under 18 years	4.3%	6.1%
Termination of Pregnancy Rate	0.4	0.7

Maternal mortality rate: Stellenbosch has a zero maternal mortality ratio. In comparison, the District recorded 46.5 per 100 000 live births. The Province has a maternal mortality ratio target of 65 by 2019.

Births to teenage mothers: In 2015, the delivery rate to women under 18 years in the District was 6.1 per cent. At 4.3 per cent, Stellenbosch's rate is lower than the District rate.

Termination of pregnancy: Stellenbosch's termination of pregnancy rate of 0.4 per 1 000 live births is lower than the District's 0.7 per cent. Overall almost all of the indicators for child and maternal health have improved in the last year which indicates that Stellenbosch is making progress towards reaching its health targets. The only concern is with regards to its immunisation rate which has decreased in the last year.

2.4 POVERTY

The intensity of poverty as well as the poverty headcount of municipalities is analysed in this section. The intensity of poverty is measured by calculating the Poverty Gap Index, which is the average poverty gap in the population as a proportion of the poverty line. The Poverty Gap Index estimates the depth of poverty by considering how far, on the average, the poor are from that poverty line.

The Poverty Gap Index is a percentage between 0 and 100 per cent. A theoretical value of zero implies that no one in the population is below the poverty line. Individuals whose income is above the poverty line have a gap of zero while individuals whose income is below the poverty line would have a gap ranging from 1 per cent to 100 per cent, with a theoretical value of 100 per cent implying that everyone in the population has an income that is below the poverty line or zero. A higher poverty gap index means that poverty is more severe.

This section also provides information on annual household income for residents living within the Stellenbosch municipal Area. Poverty tends to be prevalent in areas where the majority of households fall within the low income bracket.

Poverty Headcount and Intensity

Area	Poverty Headcount (Percentage)		Poverty Intensity	
	2011	2016	2011	20
Stellenbosch	3.8	6.1	42.1	39
Cape Winelands District	2.5	3.1	42.0	41
Western Cape	3.6	2.7	42.6	40

The intensity of poverty, i.e. the proportion of poor people that are below the poverty line within the Stellenbosch municipal area, decreased from 42.1 per cent in 2011 to 39.8 per cent in 2016. This percentage is still high and should be moving towards zero as income of more households within the Stellenbosch municipal area moves away from the poverty line.

Household Income

The annual income for households living within the Stellenbosch municipal area shows the proportion of people that fall within the low, middle and high income brackets.

Poor households fall under the low income bracket, which ranges from no income to just over R50 000 annually (R4 166 per month). An increase in living standards can be evidenced by a rising number of households entering the middle and high income brackets.

Amount (2016)	Cape Winelands District	Stellenbosch	
No income	13.1	20.4	Low income
R1 – R6 327	1.9	2.0	
R6 328 – R12 653	3.5	3.5	
R12 654 – R25 306	13.4	10.6	
R25 307 – R50 613	20.1	16.6	
R50 614 – R101 225	18.4	15.5	Middle Income
R101 226 – R202 450	12.3	11.6	
R202 451 – R404 901	8.8	8.5	
R404 902 – R809 802	5.7	6.5	High income
R809 803 – R1 619 604	2.0	3.3	
R1 619 605 – R3 239 209	0.5	1.0	
R3 239 209 or more	0.4	0.7	

Approximately 53.1 per cent of households in Stellenbosch fall within the low income bracket, of which 20.4 per cent have no income. Less than fifty per cent of households fall within the middle to higher income categories, split between 35.6 per cent in middle income group and 11.5 per cent in the higher income group. A sustained increase in economic growth within the Stellenbosch municipal area is needed if the 2030 NDP income target of R110 000 per person, per annum is to be achieved.

Indigent Households

The Non-Financial Census of Municipalities released by Statistics South Africa in 2016 indicates increases or decreases of indigent households per municipal area between 2014 and 2015.

Area	2014	2015	Change
Stellenbosch	5	5 757	515
Cape Winelands District	39 368	38 374	-634
Western Cape	413 259	360	-53 021

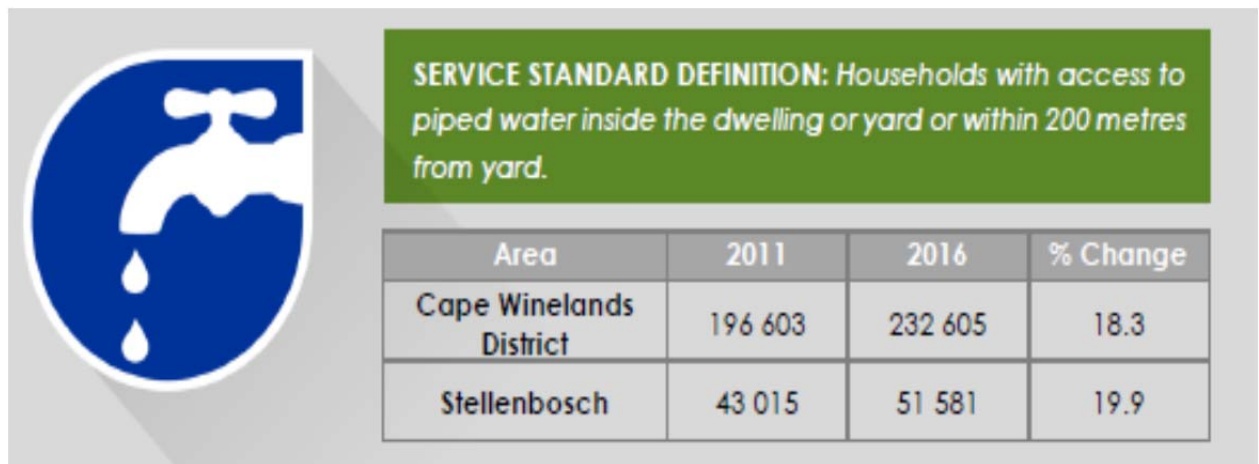

The Stellenbosch municipal area experienced an increase in the number of indigents between 2014 and 2015, implying increased burden on municipal financial resources.

2.5 BASIC SERVICE DELIVERY

The profile uses data from Census 2011 and the Community Survey of 2016 for the analysis of access to basic services. *Please note: Access level definitions for water and electricity were phrased differently in the respective Census 2011 and Community Survey 2016 questionnaires.*

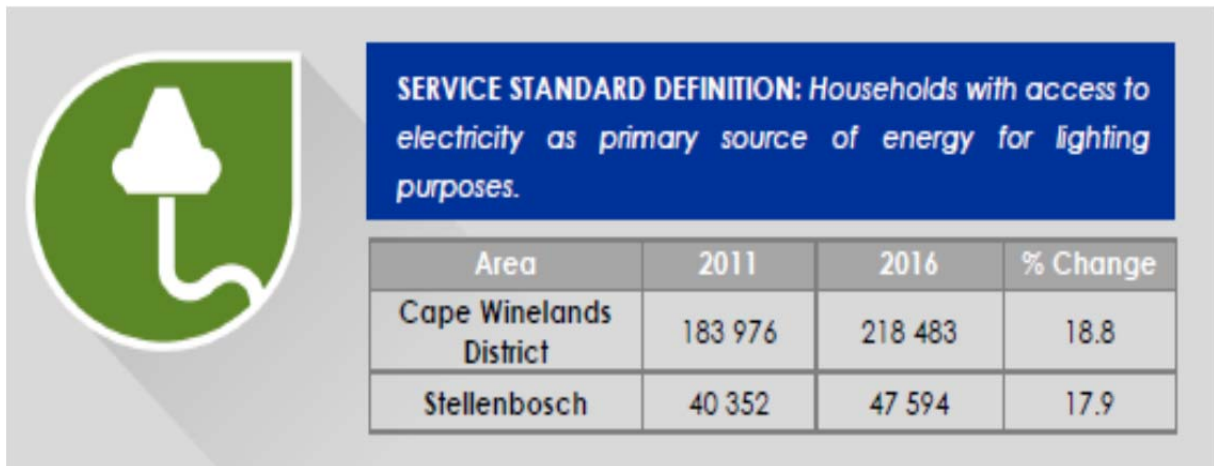

Access to Water

Statistics South Africa estimates the number of households in the Stellenbosch municipal area increased from 43 420 in 2011 to 52 374 in 2016. The biggest source of water in Stellenbosch municipal area in 2016 was access to piped water inside their dwelling/yard/or within 200 metres. Access to piped water for these categories increased by 19.9 per cent from 43 015 households in 2011 to 51 581 households in 2016 and increased by 18.3 per cent across the District over the same period.

Access to Electricity

The biggest source of energy for lighting purposes in Stellenbosch municipal area in 2016 was electricity. However, 2.8 per cent of households make use of other sources of energy, i.e. sources which they do not pay for, generators, solar home systems, battery, and no access to electricity. Access to electricity for lighting purposes improved by 17.9 per cent from 40 352 households in 2011 to 47 594 households in 2016 and increased by 18.8 per cent across the District over the same period.

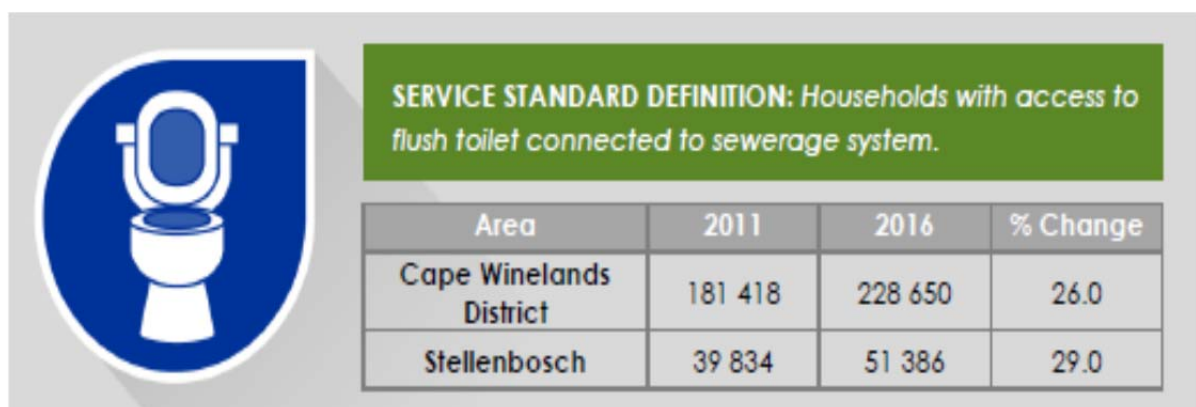

Access to Sanitation

The biggest source of sanitation was access to flush toilets connected to a sewerage system/chemical toilet. Access to flush toilets connected to a sewerage system improved by 29.0 per cent from 39 834 households in 2011 to 51 386 households in 2016 and by 26.0 per cent across the District over the same period.

In 2011, 91.7 per cent of the households in Stellenbosch enjoyed such level of access, while this percentage grew to 98.1 per cent in 2016 reflecting a total increase in access of 11 552 households.

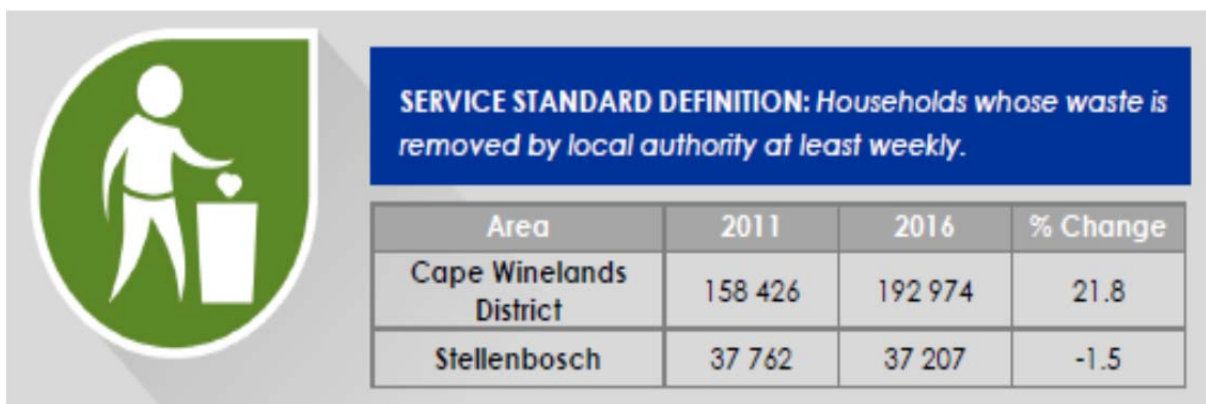

Alarming, a total of 988 households (1.9 per cent of total households) within Stellenbosch still have to make use of other sanitation services i.e. to toilet facilities other than flushed and chemical (i.e. pit latrine, ecological toilets, bucket toilets or none).

Access to Refuse Removal

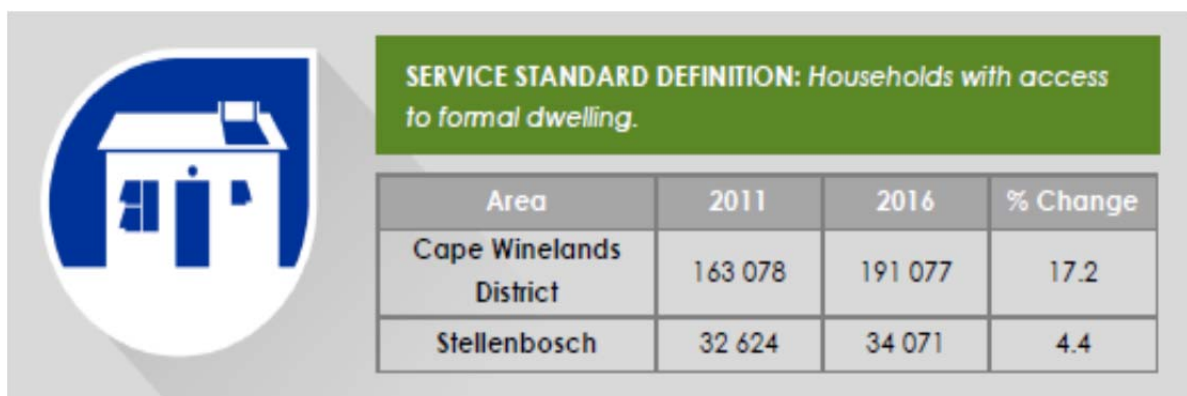

The majority of household in Stellenbosch has their refuse removed by local authorities at least weekly (71.0 per cent) and a further 7.7 per cent of households have refuse removed by the local authorities/private company less often. This percentage is significantly below the District's average of 81.8 per cent. It is of concern to note that 10.2 per cent of households (5 358) in Stellenbosch still have to make use of communal/own refuse dumps.

Refuse removed by local authority once a week decreased by 1.5 per cent from 37 762 households in 2011 to 37 207 households in 2016 and increased by 21.8 per cent across the District over the same period.

Access to Housing

The majority of households in Stellenbosch area currently reside in formal dwellings (65.1 per cent) whilst 34.9 per cent of the households reside either in informal (17 829), traditional (366) and other (107) dwellings in 2016. In comparison, the municipality's percentage for formal households was 75.1 per cent in 2011. While the absolute figures increased by 4.4 per cent from 32 624 households in 2011 to 34 071 households in 2016, the housing market in Stellenbosch could not keep up with the demand. The same goes for the District, in which 81.0 per cent (191 077) of households currently reside in formal dwellings, coming from 82.3 per cent (163 078) in 2011.

2.6 SAFETY AND SECURITY

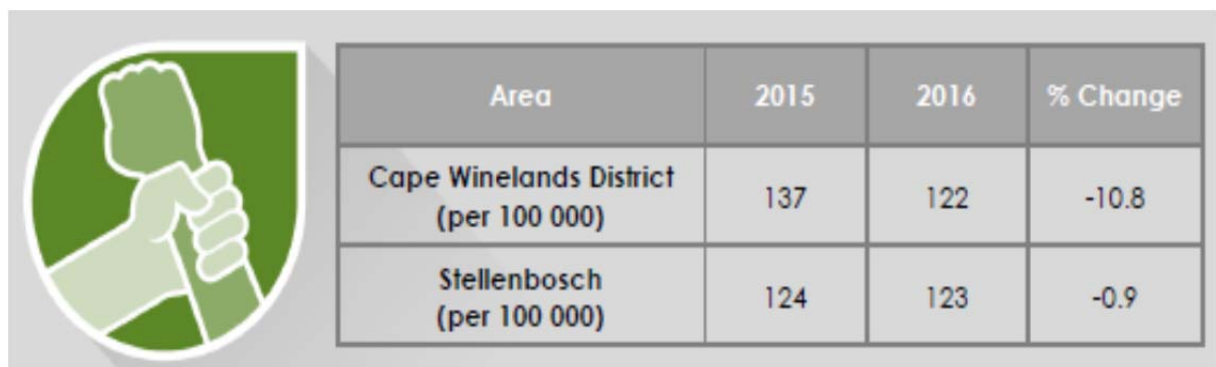

Murder

Definition: *Murder is a social contact crime resulting in the loss of life of the victim, but excludes cases where the loss of life occurred as a result of a response to a crime, for example self-defence.*

The murder rate within Stellenbosch remained unchanged at 45 reported cases per 100 000 people between 2015 and 2016. The murder rate however decreased considerably by 7.0 per cent within the Cape Winelands District from 62 in 2015 to 58 in 2016. The murder rate nevertheless remains a major concern throughout the Cape Winelands District; especially in Stellenbosch area which experienced substantially higher cases of murder than the District.

Sexual Offences

Definition: *Sexual offences includes rape (updated to the new definition of rape to provide for the inclusion of male rape), sex work, pornography, public indecency and human trafficking.*

The cases of sexual offences in Stellenbosch decreased ever so slightly by -0.9 per cent from 124 incidences in 2015 to 123 in 2016. However, the cases of sexual offences in the Cape Winelands District dropped by 10.8 per cent from 137 in 2015 to 122 in 2016.

Drug-Related Crimes

Area	2015	2016	% Change
Cape Winelands District (per 100 000)	1 412	1 456	3.1
Stellenbosch (per 100 000)	1 195	1 444	20.9

Definition: *Drug-related crimes refers to the situation where the perpetrator is found to be in possession of, under the influence of, or selling illegal drugs. This is a crime detected through police activity rather than reports by members of the public. An increase in crimes of this nature may therefore reflect an increase in police.*

Drug-related crimes has a severe negative impact on human development by degrading the quality of life as it infiltrates all aspects of society including families, health, the work environment and the economy. Drug-related crimes within Stellenbosch increased sharply by 20.9 per cent from 1 195 reported cases per 100 000 people in 2015 to 1 444 cases in 2016.

The Cape Winelands District is no exception, with drug-related crimes increasing by 3.1 per cent from 1 412 in 2015 to 1 456 in 2016.

Driving under the Influence

Driving under the influence (DUI): *DUI refers to a situation where the driver of a vehicle is found to be over the legal blood alcohol limit. This is a crime detected through police activity rather than reports by members of the public.*

The number of reported cases of driving under the influence of alcohol or drugs (per 100 000 people) in Stellenbosch remained unchanged at 102 between 2015 and 2016. However, the cases of driving under the influence of drugs and alcohol in the Cape Winelands District dropped significantly by 7.0 per cent from 115 in 2015 to 110 in 2016. Stellenbosch's cases of driving under the influence of drugs and alcohol remain below the District average.

Residential Burglaries

Definition: Residential burglary is defined as the unlawful entry of a residential structure with the intent to commit a crime, usually a theft.

Given its regular occurrence and the psychological impact on victims, residential burglaries are an obstinate concern in South Africa. The number of residential burglaries cases within Stellenbosch area increased by 6.9 per cent from 1 037 in 2015 to 1 108 in 2016. However, residential burglaries within the Cape Winelands District declined by 2.5 per cent from 817 in 2015 to 797 in 2016.

The cases of residential burglaries crimes nevertheless remain a major concern throughout the Cape Winelands District, especially in Stellenbosch which experienced a substantially higher rate of residential burglaries than the District.

2.7 THE ECONOMY

Economic growth at the municipal level is essential for the attainment of economic development, the reduction of poverty and improved accessibility. Fostering this growth requires an in-depth understanding of the economic landscape within which each respective municipality operates.

Stellenbosch comprised a massive R10.686 billion (or 24.1 per cent) of the Districts total R44.161 billion GDPR as at the end of 2015, making it the region's economic hub. GDP growth averaged 3.0 per cent per annum over the period 2005 – 2015. This is marginally below the District average of 3.5 per cent. Average annual growth of 2.4 per cent in the post-recessionary period nevertheless comes in marginally below the long-term trend and the District average of 2.8 per cent.

Stellenbosch employed 20.0 per cent (75 039 labourers) of the Cape Winelands District's labour force in 2015, and employment growth remained fairly moderate, averaging 2.2 per cent per annum since 2005, which was on par with the overall district employment growth rate of 1.9 per cent per annum. Employment growth has recovered marginally in the post-recessionary period (2010 - 2015) averaging 2.4 per cent per annum (which is below the district's rate of 2.9 per cent over the period 2010 – 2015). Stellenbosch has experienced job losses prior to and during the recession, but these jobs have been recovered and approximately 14 268 (net) additional jobs have been created since 2005.

The majority (30.7 per cent or 23 064 workers) of the employed workforce Stellenbosch operate within the informal sector, which has grown by 9.0 per cent per annum on average since 2005. Most of the job created experienced during the recession emanated from this sector. The low-skilled sector employed 24.0 per cent of the municipality's workforce, and contracted by 1.1 per cent per annum on average since 2005.

The semi-skilled sector (which employs 22 073 workers or 29.4 per cent of the municipality's workforce) experienced marginal growth of 1.3 per cent per annum over the past decade. The skilled sector employed a substantial 11 889 workers, and grew at a steady rate of 1.2 per cent per annum since 2005. A detailed sectoral analysis is provided in the ensuing section.

Primary Sector

Agriculture, Forestry and Fishing

This sector comprised R669.0 million (or 6.3 per cent) of the Municipality's GDP in 2015. It displayed 'placid' growth of 1.4 per cent for the period 2005 - 2015, but growth has nevertheless contracted in the post-recessionary period (the sector experienced contraction of 0.8 per cent over the period 2010 – 2015).

Agriculture, forestry and fishing employed 12.4 per cent of the municipality's workforce. Employment growth over the period 2005 – 2015 has contracted by 2.4 per cent per annum on average. Employment picked up significantly after the recession and grew at a rate of 3.1 per cent per annum on average since 2010. On net employment, 2 976 jobs have been lost since 2005 - not all of the jobs lost prior to and during the recession have been recovered.

The labour force in the primary sector is characterised by a relatively large proportion of low-skilled labour. The majority (58.2 per cent or 5 432 workers) of the workforce in agriculture, forestry and fishing operate within the low-skill sector, which has experienced a contraction of 3.1 per cent since 2005, but nevertheless grew by 2.9 per cent per annum over the post-recession period (2010 – 2015). The semi-skilled sector employs 1 844 workers and the sector has contracted at a rate of 2.5 per cent per annum since 2005 but experienced a notable recovery of 3.5 per cent per annum over the post-recession period term (2010 – 2015).

The skilled sector employs the smallest proportion of the industry's workforce (5.0 per cent or 469 workers). This segment has shown robust growth post-recession (3.8 per cent per annum), but a 2.3 per cent per annum contraction over the long term (2005 – 2015).

The informal sector makes up 17.0 per cent of the industry's workforce and was the only sector to experience long term growth (albeit marginal) as employment grew by 1.1 per cent per annum over the period 2005 – 2015. Informal employment within the agriculture, forestry and fishing industry furthermore experienced robust growth of 3.1 per cent per annum since 2010.

GDP		2015	Trend 2005 – 2015	Recovery 2010 – 2015
		R669.0 million	1.4%	-0.8%
Employment		9 334	-2.4%	3.1%
Skill Levels	Skilled	469	-2.3%	3.8%
	Semi-skilled	1 844	-2.5%	3.5%
	Low-skilled	5 432	-3.1%	2.9%
	Informal	1 589	1.1%	3.1%

Secondary Sector

Manufacturing

The manufacturing sector comprised R1.760 billion (or 16.5 per cent) of the Municipality's GDP in 2015. The sector has experienced contraction of 0.2 per cent per annum on average over the period 2005 – 2015.

GDP growth in the latter half of the decade (0.5 per cent for period 2010 – 2015) was below that of the long term trend for the industry and the overall municipal GDP growth rate (2.4 per cent) over the period under review as the sector manages to recover after the recession. The manufacturing industry employed 10.3 per cent of the Municipality's workforce.

Employment growth has shed jobs (1 128) over the past decade contracting at 0.6 per cent per annum over the period 2005 – 2015. Employment has nevertheless remained at a similar level in the post-recessionary period, contracting at 1.0 per cent per annum. A disproportionately large number of workers (employed in the manufacturing sector) are classified as semi-skilled (40.9 per cent) and low-skilled (24.2 per cent).

Only 13.3 per cent of those employed in the manufacturing sector are categorised as skilled and a similar number (21.6 per cent) operate within the informal sector. This sector has experienced contraction of employment in the post-recessionary period at 0.3 per cent.

GDP		2015	Trend 2005 – 2015	Recovery 2010 – 2015
		R1.760 billion	-0.2%	0.5%
Employment		7 694	-0.6%	-1.0%
Skill Levels	Skilled	1 023	0.0%	-0.3%
	Semi-skilled	3 146	-0.3%	-0.4%
	Low-skilled	1 861	-2.2%	-2.5%
	Informal	1 664	1.2%	-0.3%

Construction

GDP		2015	Trend 2005 – 2015	Recovery 2010 – 2015
		R423.1 million	6.4%	2.5%
Employment		4 789	4.4%	3.4%
Skill Levels	Skilled	278	3.3%	1.4%
	Semi-skilled	1 473	1.1%	-0.6%
	Low-skilled	666	-0.1%	-2.5%
	Informal	2 372	10.3%	9.8%

The construction sector comprised R423.1 million (or 4.0 per cent) of the Municipality's GDP in 2015, making it the fifth largest sector in the region. Construction has nevertheless witnessed robust growth since 2005, with growth averaging 6.4 per cent per annum. GDP growth has nevertheless slowed since the recession and grew by 2.5 per cent over the period 2010 – 2015 as the sector struggles to fully recover after the recession and consequently struggles to maintain its

position as fastest growing industry. The construction sector employed only 6.4 per cent of the Municipality's workforce.

Employment in the Municipality's construction sector has grown by 4.4 per cent per annum since 2005. Approximately 1 300 jobs have been created since 2005. However, subdued growth has been witnessed over the period 2010 – 2015 (where employment growth grew by 3.4 per cent per annum).

The majority (49.5 per cent or 2 372) of the workers employed in the construction industry operate within the informal sector. Employment growth within this sector has been consistently high since 2005 (10.3 per cent). Low-skilled employment makes up 13.9 per cent and semi-skilled employment makes up 30.8 per cent of the workforce in the construction industry, and both sectors have been experiencing contractions after the recession. Workers employed in these sectors who have lost their jobs may have found employment in the informal sector. Skilled employment makes up only 5.8 per cent of the construction industry's workforce, and has experienced a measured growth rate over the past decade, with growth decelerating since 2010.

Tertiary Sector

Commercial Services

GDP		2015	Trend 2005 – 2015	Recovery 2010 – 2015
		R5.921 billion	4.6%	3.7%
Employment		35 846	4.6%	3.1%
Skill Levels	Skilled	5 824	1.8%	1.5%
	Semi-skilled	11 495	2.4%	2.0%
	Low-skilled	4 606	1.7%	1.3%
	Informal	13 921	11.9%	5.6%

Commercial services encompass the wholesale and retail trade, catering and accommodation, transport, storage and communication and finance, insurance, real estate & business services industries. This sector comprised R5.921 billion (or 55.4 per cent) of the Municipality's GDP in 2015 (the largest sector in the region).

The industry grew steadily over the period 2005 – 2015 (4.6 per cent per annum compared to the overall municipal average of 3.0 per cent), the sector displayed sluggishness in the post-recessionary period continuing to grow at a rate of 3.7 per cent per annum on average. This sector employed 47.8 per cent of the municipality's workforce (making it the largest employer).

Employment has shown moderate growth throughout the past decade recording a 4.6 per cent growth rate per annum. Employment growth has not maintained this trajectory, tapering off (3.1 per cent) over the period 2010 – 2015 as the sector remains on par with the sluggish growth across other industries in the municipality post-recession (overall municipal employment growth averaged 2.4 per cent per annum over this period). The commercial services industry has created 12 494 jobs on net since 2005.

A large proportion (32.1 per cent) of the industry's workforce are classified as semi-skilled, while 12.8 per cent are classified as low-skilled and 16.2 per cent are classified as skilled. The low-skilled/semi-skilled/skilled workforce has shown moderate growth both prior to and post-recession. Informal employment within the commercial services industry makes up 38.8 per cent of the industries workforce and has experienced robust growth of 11.9 per cent per annum since 2005, and lower but still strong growth of 5.6 per cent per annum over the last 5 years.

Government and Community, Social and Personal Services

GDP		2015	Trend 2005 – 2015	Recovery 2010 – 2015
		R1.79 billion	2.4%	1.9%
Employment		17 207	3.0%	2.2%
Skills	Skilled	4 257	1.2%	0.9%
	Semi-skilled	4 033	2.8%	2.5%
	Low-skilled	5 415	0.7%	0.2%
	Informal	3 502	16.0%	8.2%

The general government & community, social and personal services is relatively small (comprising only 16.7 per cent or R1.79 billion of the Municipality's overall GDP in 2015). The industry experienced GDP growth of 2.4 per cent over the period 2005 – 2015 (and marginally decreased to a rate of 1.9 per cent per annum since 2010).

The industry however employs a noteworthy share (22.9 per cent) of the Municipality's workforce and its employment growth over the period 2005 – 2015 averaged 3.0 per cent per annum. Employment growth has tapered off somewhat (2.2 per cent) since the recession. The majority (31.5 per cent) of the industry's workforce are classified as low-skilled, while 23.4 per cent falls within the semi-skilled category and 24.7 per cent are classified as skilled. Employment in the skilled category grew moderately at 1.2 per cent over the period 2005 - 2015 overall, and has slowed slightly since 2010 recording a figure of 0.9 per cent.

Semi-skilled employment grew at a modest rate of 2.8 per cent per annum since 2005, which persisted in the post-recessionary period at 2.5 per cent. Employment growth among the low-skilled workforce grew by 0.7 per cent for the period 2005 – 2015. The informal sector employ 20.4 per cent of the industries workforce, recording stellar growth of 16.0 per cent per annum over the period 2005 – 2015 (this growth nevertheless stemming from a small base), halving to 8.2 per cent in the post-recessionary period.

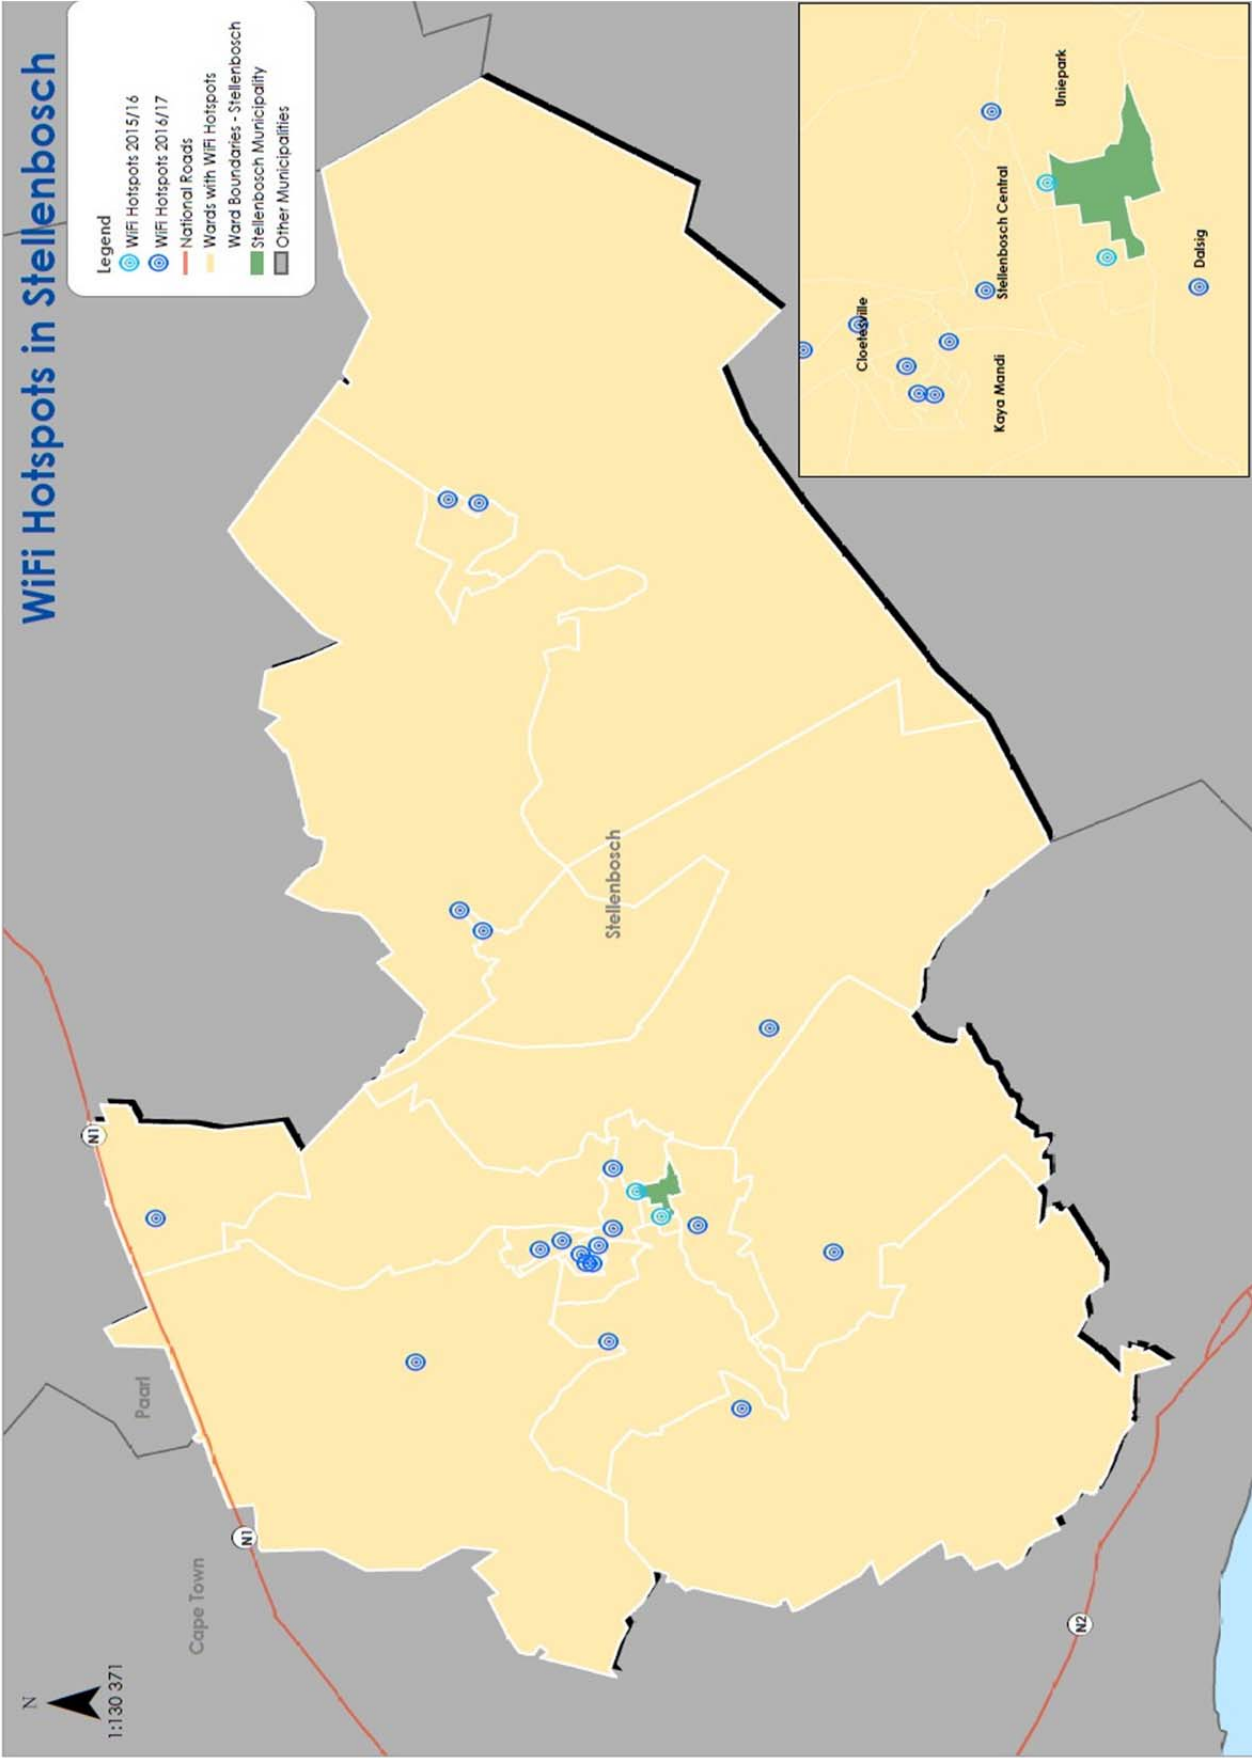

2.8 BROADBAND

As broadband penetration is an official Western Cape Government (WCG) Game Changer, the Province has a broadband vision that by 2030, every citizen in every town and village will have access to affordable high speed broadband infrastructure and services, will have the necessary skills to be able to effectively utilise this infrastructure and is actively using broadband in their day to day lives.

Striving towards this vision, the WCG aims to by 2020 improve business competitiveness and the livelihoods of citizens through various broadband initiatives. This 2020 objective includes the goal of increasing internet penetration in the Province to 70 per cent. The WCG has allocated R1.6 billion towards this Game Changer across the 2016 MTEF.

One such initiative entails the establishment of a Wi-Fi hotspot at a provincial government building (schools, libraries, clinics, community centres and other public facilities) in each ward of each local municipality across the Province.

These hotspots will allow limited access (250 Mb per month) to each user, as well as to allow free of charge access to all gov.za websites. All 22 wards within the Stellenbosch Municipality current have a WCG Wi-Fi hotspot. The location of these hotspots is reflected in the map attached hereto.

B: LEGISLATIVE ENVIRONMENT

Legal Requirements

The medium term revenue and expenditure framework for 2017/2018, 2018/2019 and 2019/2020 was compiled in accordance with the requirements the relevant legislation, of which the following are the most important:

- i) the Constitution, Act 108 of 1996
- ii) the Local Government Transition Act, Act 209 of 1993
- iii) the Municipal Structures Act, Act 117 of 1998
- iv) the Municipal Systems Act, Act 32 of 2000
- iv) the Municipal Finance Management Act, Act 56 of 2003

In addition to the above, the Municipal Budget and Reporting Framework as approved on 17 April 2009 gave a clear directive on the prescribed reporting framework and structure to be used.

Guidelines issued by National Treasury

National Treasury issued the following circulars regarding the budget for 2015/2016:

MFMA Circular No. 74 Municipal Budget Circular for the 2015/16 MTREF- 12 December 2014

MFMA Circular No. 75 Municipal Budget Circular for the 2015/16 MTREF- 04 March 2015

Other circulars used during the compilation of the budget:

- MFMA Circular No. 48 Municipal Budget Circular for the 2009/10 MTREF – 2 March 2009
- MFMA Circular No. 51 Municipal Budget Circular for the 2010/11 MTREF – 19 February 2010
- MFMA Circular No. 54 Municipal Budget Circular for the 2011/12 MTREF – 10 December 2010
- MFMA Circular No. 55 Municipal Budget Circular for the 2011/12 MTREF – 8 March 2011
- MFMA Circular No. 58 Municipal Budget Circular for the 2012/13 MTREF – 14 December 2011
- MFMA Circular No. 59 Municipal Budget Circular for the 2012/13 MTREF – 16 March 2012
- MFMA Circular No. 64 Municipal Budget Circular for the 2012/13 MTREF – November 2012
- MFMA Circular No. 66 Municipal Budget Circular for the 2013/2014 MTREF – 24 January 2013
- MFMA Circular No. 67 Municipal Budget Circular for the 2012/13 MTREF – 12 March 2013
- MFMA Circular No. 70 Municipal Budget Circular for the 2014/15 MTREF- 4 December 2013
- MFMA Circular No. 78 Municipal Budget Circular for 2016/2017 MTREF - 7 December 2015
- MFMA Circular No.79 Municipal Budget Circular for 2016/2017 MTREF - 7 March 2016
- MFMA Circular No.82 Cost Containment Measures for 2016/2017 MTREF - 30 March 2016
- MFMA Circular No.85 Municipal Budget Circular for 2017/2018 MTREF – 9 December 2016
- MFMA Circular No. 86 Municipal Budget Circular for 2017/2018 MTREF – 8 March 2017

The following are discussion points that are highlighted in the above:

- National outcomes/priorities
- Headline inflation forecasts
- Local Government Conditional Grants & additional allocations
- Municipal Standard Chart of Accounts (mSCOA)
- Development of Integrated Development Plan (IDP)
- Revising rates, tariffs and other charges
- Funding choices and management issues
- Conditional transfers to municipalities
- Municipal Budget and Reporting Regulations
- Budget process and submissions for the 2017/18 MTREF

The guidelines provided in the above mentioned circulars, annexures and other economic factors were taken into consideration and informed budget preparation and compilation.

C: OVERVIEW OF ANNUAL BUDGET PROCESS

In terms of Section 24 of the MFMA, Council must, at least 30 days before the start of the financial year, consider the annual budget for approval. Section 53 requires the Mayor of a municipality to provide general political guidance over the budget process and the priorities that must guide the preparation of the budget. In addition, Chapter 2 of the Municipal Budget and Reporting Regulations, gazetted on 17 April 2009, states that the Mayor of a municipality must establish a Budget Steering Committee to provide technical assistance to the Mayor in discharging with the responsibilities set out in section 53 of the Act.

A time schedule outlining important dates and deadlines as prescribed for the IDP/Budget process was approved on **25 August 2016**. The budget process for the 2017/2018 MTREF period proceeded/will proceed according to the following timeline

Activity	Time frame
Formulation of budget assumptions	September 2016
Detailed programmes and projects to further define budget	November 2016 – March 2017
Draft IDP and Budget considered by Council	29 March 2017
Draft IDP and Budget - public participation	April 2017
Final approval of budget and IDP	31 May 2017

D: OVERVIEW OF ALIGNMENT OF ANNUAL BUDGET WITH THE INTEGRATED DEVELOPMENT PLAN (IDP)

OUR OVERARCHING STRATEGY

Our overarching strategy is as follows:

STRATEGIC FOCUS AREAS	PREDETERMINED OBJECTIVES	PROGRAMS
STRATEGIC FOCUS AREA 1: VALLEY OF POSSIBILITY	1.1 Create an environment conducive to business development and job creation.	<ol style="list-style-type: none"> 1. Development and implementation of Integrated zoning scheme. 2. Develop local economic development hubs. 3. Investment in bulk and connecting engineering infrastructure for development purposes.
	1.2 To facilitate and co-ordinate support to emerging entrepreneurs by utilizing internal SCM processes and linking SMME's with opportunities in the market.	<ol style="list-style-type: none"> 1. Develop a guiding document to link Small Medium and Micro Enterprises to Supply CM and open market opportunities. 2. Update and implement the preferential procurement policy.
	1.3 To provide, upgrade and maintain an effective engineering infrastructure to support effective service delivery.	<p>Major capital expenditure is planned in the following areas during the 2017/2018 financial year:</p> <p>Electricity</p> <ul style="list-style-type: none"> • Energy Efficiency and Demand Side Management • Integrated National Electrification Programme • Electricity Network <p>Roads, Stormwater and Traffic Engineering</p> <ul style="list-style-type: none"> • Reconstruction of roads • Upgrade of Gravel Roads • Reseal of Roads • Main Roads Intersection Improvements • Klapmuts Public Transport Interchange <p>Solid Waste</p> <ul style="list-style-type: none"> • Major Drop-offs : Construction-Franschhoek <p>Water Services</p> <ul style="list-style-type: none"> • Extension of WWTW: Stellenbosch • Relocation/ Upgrading main Water Supply line: Idas Valley Storage Dams • Bulk Sewer Outfall: Jamestown • Bulk water supply Pipe Reservoir: Dwarsriver (Johannesdal/Kylemore/Pniel) • New Plankenburg: Main Sewer Outfall • Water Treatment Works: Paradyskloof • Waterpipe Replacement • Idas Valley Merriman Outfall Sewer

STRATEGIC FOCUS AREAS	PREDETERMINED OBJECTIVES	PROGRAMS
		Sports Fields <ul style="list-style-type: none"> • Upgrade of Sport Facilities • Information Technology • Upgrade and Expansion of IT Infrastructure Platforms Human Settlements • New Community Halls Klapmuts • Housing Project Kayamandi Watergang/ Zone O
	1.4 To ensure the provision of non-motorised transport routes as a functional mode of transport	<ol style="list-style-type: none"> 1. Construction and upgrading of pedestrian and cycle Paths. 2. Develop Specific Non-Motorised Transport routes according to needs. 3. Design, construct and upgrade Cycle paths. 4. Design and construct Bicycle parking facilities. 5. Construct Bus and Taxi shelters.
STRATEGIC FOCUS AREA 2: A GREEN AND SUSTAINABLE VALLEY	2.1 Managing human use of the biosphere and its resources	<ol style="list-style-type: none"> 1. Conserve natural resources, biodiversity and landscapes. 2. Encourage the use of materials obtained from sustainable sources in new development and in the design of buildings. 3. Facilitate the use of green energy. 4. Minimise the use of the four generic resources, namely energy, water, land and materials. 5. Maximise the re-use and/or recycling of resources. 6. Use renewable resources in preference to non-renewable resources. 7. Minimise air, land and water pollution.
	2.2 Enhancing the integrity of the environment as an imperative for long-term sustainability.	<ol style="list-style-type: none"> 1. Maintain essential ecological processes, preservation of genetic diversity and the insurance of the sustainable utilisation of natural resources. 2. Plan and design the cultural (human) environment in a manner that enhances the intrinsic value (including heritage and traditional legacy) of the subject places and Stellenbosch Municipality as a whole.
	2.3 Incorporating bio-diversity into the environment as an imperative for long-term sustainability.	<ol style="list-style-type: none"> 1. Biodiversity conservation is a prerequisite for sustainable development, and for biodiversity conservation to succeed, the maintenance of environmental integrity (as defined by ecological, economic and social criteria) must be one of the primary determinants of land-use planning

STRATEGIC FOCUS AREAS	PREDETERMINED OBJECTIVES	PROGRAMS
	2.4 Ensuring spatial sustainability.	<ol style="list-style-type: none"> Promote land development that is within the environmental, fiscal, institutional and administrative means of Stellenbosch Municipality. Ensure that special consideration is given to the protection of high-potential farm land. Uphold consistency of land-use measures in accordance with environmental requirements and associated management instruments. Limit urban development to locations where such development can be sustainable, where urban sprawl can be limited, and where such development can result in sustainable communities. Implement strategies to ensure that any form of development, on balance, improves current circumstances in the subject area.
	2.5 Facilitate efficient use of all forms of capital available to Stellenbosch.	<ol style="list-style-type: none"> Implement plans to ensure that development optimizes the use of existing resources and infrastructure (i.e. monetary capital, environmental capital and infrastructural capital) and that such development result in beneficial synergies and multipliers in the local economy.
	2.6 Building Human capacity and ability.	<ol style="list-style-type: none"> Promote Cooperative skills development: Encourage Full involvement of stakeholders:
	2.7 Efficient information management (refer to Environmental Management Framework)	<ol style="list-style-type: none"> Develop and implement a biodiversity register.
STRATEGIC FOCUS AREA 3: A SAFE VALLEY	3.1 To implement an integrated safety strategy to incorporate multi-stakeholder engagements and to focus on institutional, situational and social crime prevention interventions.	<ol style="list-style-type: none"> Identify and develop a safety network database. Allocation of roles and responsibilities to stakeholders. Sign MOUs with SAPS to extent municipal law enforcement security cluster. Perform ward based risks assessments.
	3.2 To develop and implement Institutional Crime prevention strategies, with the focus on improved law enforcement and neighbourhood watches.	<ol style="list-style-type: none"> Build the capacity of safety stakeholders. Register neighbourhood watches in all wards. Perform joint planning initiatives to promote safety in all wards.
	3.3 To develop and implement Situational Crime prevention strategies	<ol style="list-style-type: none"> Identify and map crime hot spots. Convert crime hot spots into safe spaces by addressing the cause of crime in the identified hot spots. Introduce appropriate technology and

STRATEGIC FOCUS AREAS	PREDETERMINED OBJECTIVES	PROGRAMS
		extent Close Circuit Television coverage to all wards.
	3.4 To implement and facilitate social crime prevention initiatives in all wards	<ol style="list-style-type: none"> 1. Provide support to Early Childhood Development centres. 2. Develop, facilitate and implement youth programs in partnership with public and private institutions. 3. Develop, facilitate and implement entrepreneurial programs.
STRATEGIC FOCUS AREA 4: DIGNIFIED LIVING	4.1 To develop and maintain sustainable human settlements that will provide in the diverse range of housing needs	<ol style="list-style-type: none"> 1. Develop and implement a housing pipeline. 2. Implement upgrading of informal settlements program 3. Integrated Residential development program. 4. Social Housing program 5. Community Residential Units.
	4.2 To develop and implement a social infrastructure master plan for the upgrading and maintenance of social facilities in all wards.	<ol style="list-style-type: none"> 1. Identify and map all current social infrastructure. 2. Identify and upgrade facilities for multi-purpose usage. 3. Identify areas to establish new facilities for sport and recreation facilities.
	4.3 To involve and build the capacity of stakeholders in the planning and management (governance) of the areas where they live. (Promote participatory planning and integrated implementation)	<ol style="list-style-type: none"> 1. Conduct community meetings, project steering committee meetings, beneficiary community meetings, housing consumer education sessions.
	4.4 To provide access to basic services for households in the WC024 area.	<ol style="list-style-type: none"> 1. Implement the access to basic services program Provision of communal water points. 2. Provision of communal ablution facilities 3. Provision of chemical toilets. Provision of basic waste removal services.
STRATEGIC FOCUS AREA 5: GOOD GOVERNANCE AND COMPLIANCE	5.1 To develop, align and implement effective Management Information Systems.	<ol style="list-style-type: none"> 1. Align and integrate current Management Information systems. Implement MSCOA requirements on Information Systems.
	5.2 An effective asset management system to optimize the use of municipal assets.	<ol style="list-style-type: none"> 1. Update and implement the asset management policy Establish an asset management section as part of the organisation structure.
	5.3 To manage integrated development planning and the efficient measurement of predetermined objectives as per regulatory framework.	<ol style="list-style-type: none"> 1. Implement the performance management plan.
	5.4 To involve the community in the planning and management of programmes and projects that affect them in partnership with the municipality	<ol style="list-style-type: none"> 1. Improve ward planning by the introduction of geo-mapping to ward committees

STRATEGIC FOCUS AREAS	PREDETERMINED OBJECTIVES	PROGRAMS
	5.5 To review municipal governance processes as per the Risk Based Audit Plan	1. Implement annually actions listed in the relevant risk based audit plan.
	5.6 A skilled and capable workforce that supports the growth objectives of the municipal area	1. Organisational design 2. Implement the workplace skills plan.
	5.7 A responsive and, accountable, effective and efficient local government system	1. Monthly compliance reporting to Council committees and other relevant oversight bodies. 2. Implementation of Municipal Standard Chart of Accounts.
	5.8 To implement an effective revenue management system.	1. Organisational Restructuring to improve revenue management. 2. Effective billing systems. 3. Effective credit control and debt collection processes.
	5.9 To provide accurate and relevant financial information for decision making.	1. Implement the Municipal Standard Chart of Accounts.
	5.10 To develop and implement a responsive, accountable, effective and efficient customer care structure and system.	1. Organisational restructuring to implement a centralised and integrated customer care system.

E: OVERVIEW OF MUNICIPAL BY-LAWS BUDGET RELATED POLICIES

***The following existing policies were reviewed and amended** as highlighted in the detail by means of “track changes” to either give effect to the changing legislative landscape, or to achieve Council’s strategic goals:*

Property Rates By-Law

In terms of Section 3 of the Property Rates Act, a municipal council must adopt a policy consistent with the property rates act on levying of rates on rateable properties in the municipality. Refer to Appendix 4.

Tariff By-Law

In terms of section 75(1) of the Systems Act, a municipal council must adopt by-laws to give effect to the implementation and enforcement of its tariff policy. In terms of section 75(2) of the Systems Act, by-laws adopted in terms of section 75(1) of the Systems Act may differentiate between different categories of users, debtors, service providers, services, service standards and geographical areas as long as such differentiation does not amount to unfair discrimination. Refer to Appendix 5.

Special Ratings Area By-Law

A “special rating area” refers to a special rating area approved by the Council in accordance with the provisions of section 22 of the Property Rates Act. This By-law aims to provide for the establishment of special ratings areas, to provide for additional rates and to provide for matter incidental thereto. Refer to Appendix 6.

Property Rates Policy

The revised Rates Policy as required by the Municipal Property Rates Act (Act no 6 of 2004) is attached as Appendix 7.

Supply Chain Management Policy

Section 111 of the MFMA requires each Municipality and municipal entity to adopt and implement a supply chain management policy, which gives effect to the requirements of the Act. The Preferential Procurement Policy Framework Act, no 5 of 2000 and its accompanying regulations influences and dictates process around the evaluation and awarding of points. In this regard, the Minister of Finance acting in terms of section 5 of the Procurement Policy Framework Act, revised the Regulations accompanying this Act on the 20th January 2017 for implementation by all affected public entities by the 1 April 2017. The Supply Chain Management Policy was therefore amended and adopted at Council during February 2017. Refer to Appendix 8.

Travel and Subsistence Policy

This policy sets out the basis for the payment of subsistence, travel allowance, hourly rate when applicable for the purpose of official travelling. Refer to Appendix 9.

Indigent Policy

Due to the level of unemployment and subsequent poverty in the municipal area, there are households which are unable to pay for basic municipal services. The provision of free basic services ensures that registered indigent consumers have access to basic services. This policy provides the framework for the administration of free basic services to indigent consumers. Refer to Appendix 10.

Credit Control and Debt Collection Policy

This policy provides a framework to enable Council to proactively manage and collect all money due for services rendered and outstanding property taxes, subject to the provisions of the Municipal Systems Act of 2000 and any other applicable legislation and internal policies of Council. Refer to Appendix 11.

Irrecoverable Debt Policy

This policy enables Council and the CFO to write off irrecoverable debt of indigent consumers, debt which cannot be recovered due to consumers not being registered as indigent or not traceable or due to prescription of debt. Refer to Appendix 12.

Tariff Policy

This policy serves as the implementing tool which guides the levying of tariffs for municipal services in accordance with the provisions of the Municipal Systems Act and any other applicable legislation. Tariffs represent the charges levied by Council on consumers for the utilization of services provided by the Municipality and rates on properties. Tariffs will be calculated in various ways, dependent upon the nature of the service being provided. Refer to Appendix 13.

Grant-in-aid Policy

This policy provide the framework for grants-in-aid to non-governmental organisations (NGO's), community-based organisations (CBO's) or non-profit organisations (NPO's) and bodies that are used by government as an agency to serve the poor, marginalised or otherwise vulnerable as envisaged by Sections 12 and 67 of the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003). Refer Appendix 14.

Special Ratings Area Policy

The aim of the policy is to provide the framework to strike an appropriate balance between facilitating self-funded community initiatives that aim to improve and/or upgrade neighbourhoods. Refer to Appendix 15.

Development Charges Policy

The Municipality derives its authority to impose a development charge in terms of Section 75A. General power to levy and recover fees, charges and tariffs of the Local Government: Municipal Systems Act, 2000, Act 32 of 2000.

Section 75A reads as follows:

- (1) A municipality may-(a) levy and recover fees, charges or tariffs in respect of any function or service of the municipality; and (b) recover collection charges and interest on any outstanding amount.
- (2) The fees, charges or tariffs referred to in subsection (1) are levied by a municipality by resolution passed by the municipal council with a supporting vote of a majority of its members.
- (3) After a resolution contemplated in subsection (2) has been passed, the municipal manager must, without delay-
 - *conspicuously display a copy of the resolution for a period of at least 30 days at the main administrative office of the municipality and at such other places within the municipality to which the public has access as the municipal manager may determine;*
 - *publish in a newspaper of general circulation in the municipality a notice stating-that a resolution as contemplated in subsection (2) has been passed by the council; that a copy of the resolution is available for public inspection during office hours at the main administrative office of the municipality and at the other places specified in the notice; and the date on which the determination will come into operation; and*
 - *seek to convey the information referred to in paragraph (b) to the local community by means of radio broadcasts covering the area of the municipality.*
- (4) The municipal manager must forthwith send a copy of the notice referred to in subsection (3)(b) to the MEC for local government concerned. (Section 75A inserted by section 39 of Act 51 of 2002).

The draft policy/bylaw, which does not contain track changes, as it is essentially a new policy in view of the following motivation:

The Municipality approved its new Land Use Planning Bylaw in terms of the Spatial Planning and Land Use Planning Act, 2013 (Act 16 of 2013) in October 2015 and it was officially promulgated and became effective in December 2015. Since then, the Municipality faces significant changes in the planning environment, amongst others the need for and manner of generating development charges.

The intent is aligned with the following:

- Striving to make Stellenbosch the preferred town for investment and business, where investment inflows and new enterprise translate into jobs and prosperity.
- Establishing the greenest municipality which will not only make Stellenbosch attractive for visitors and tourists, but will also provide a desirable environment for new industries.
- Ensuring a dignified living for all Stellenbosch citizens, who feel that they own their town, take pride in it and have a sense of self-worth and belonging.
- Creating a safer Stellenbosch valley, where civic pride and responsibility supplant crime and destructive behaviour.

The following are the primary principles which underpin the proposed development contributions:

- Equity and Fairness: Development charges should be reasonable, balanced and practical. The purpose of development charges is to ensure that those who cause the establishment or creation of new community facilities, social infrastructure and emergency services, or who cause off-site development impacts, pay for the associated costs.
- Predictability: Development charges should be a predictable, legally certain and reliable source of revenue to the Municipality for providing the necessary community facilities, social infrastructure and emergency services.
- Spatial and Economic Neutrality: The development contributions must ensure the timely, sustainable financing of the required community facilities, social infrastructure and emergency services.
- Administrative Ease and Uniformity: The determination, calculation and operation of development contributions should be administratively simple and transparent.

Development has an impact on the demand for social infrastructure as much as it does services infrastructure. The infrastructure is essential to support sustainable social and economic development and to ensure the health and well-being of the residents and property owners of the

Municipality. Without this infrastructure, investment in Stellenbosch will be hampered and, as the cost to the Municipality in providing social infrastructure is high, funding to cover the cost must be obtained from development charges. Such contributions are a targeted and an equitable way of ensuring that the new beneficiaries make an appropriate and fair contribution to the cost through the developer. In addition thereto, the new integrated zoning scheme bylaw will grant development and land use rights to property owners without the need for the submission of time-consuming land use planning applications with uncertain outcomes. This significantly improves the investment attraction of the municipality and reduces the cost of doing business in the property development sphere. Where previously development charges were only levied on such land use planning decisions, they will now be levied on consideration of building plans or development agreements as well, given the other advantages provided for in the relevant legislation. Refer to Appendix 16.

Virementation Policy

The policy sets out the Virement principles and processes which the Stellenbosch Municipality will follow during a financial year. These virements will represent a flexible mechanism to effect budgetary amendments within a municipal financial year. The policy shall give effect to the requirements and stipulations of the Municipal Finance Management Act and Municipal Budget and Reporting Framework in terms of the Approved budget and it will be applicable to all municipal staff and councillors involved in budget implementation. Refer to Appendix 17.

Cash Management and Investment Policy

To regulate and provide directives in respect of the investment of funds and to maximize returns from authorized investments, consistent with the primary objective of minimizing risk. Refer to Appendix 18.

Asset Management Policy

The Municipal Finance Management Act Number 56 of 2003 will be the legislative framework for the Asset Management Policy whilst Generally Recognised Accounting Practice (GRAP) will be the accounting framework.

The Municipal Council of Stellenbosch is in terms of the MFMA and GRAP obliged to adopt an Asset Management Policy to regulate the effective management of all council's assets.

- **And whereas** the municipal manager as accounting officer of municipal funds, assets and liabilities is responsible for the effective implementation of the asset management policy which regulates the acquisition, safeguarding, maintenance of all assets and disposal of

assets where the assets are no longer used to provide a minimum level of basic service as regulated in terms of section 14 of the MFMA.

- **And whereas** these assets must be protected over their useful life and may be used in the production or supply of goods and services or for administrative purposes in meeting the municipality's operational requirements.
- **Now therefore** the municipal council of the Stellenbosch Municipality adopts this asset management policy. Refer to Appendix 19.

Financing of External Bodies performing municipal functions Policy

The purpose of this Policy is to provide a framework for financial assistance by Stellenbosch Municipality ("the Municipality") to external organisations/bodies conducting local government functions to the extent as set out in section 155(6)(a) and (7) of the Constitution as listed in Part B of Schedule 4 and 5. Refer to Appendix 20.

Accounting Policy

This policy provides the accounting framework applicable to the finances of the municipality and is informed by the Municipal Finance Management Act (Act no 56 of 2003). Refer to Appendix 21.

The following existing budget related policies were reviewed but no amendments were necessary:

Budget Implementation and Monitoring Policy

The policy aims to give effect to the requirements and stipulations of the Municipal Finance Management Act and Municipal Budget and Reporting Framework in terms of the planning, preparation and approval of the annual and adjustments budgets. The framework for virementations is also explained and regulated in this policy as well as monitoring roles and responsibilities. Refer to Appendix 22.

Petty Cash Policy

All purchases below R 2 000 are regulated by this policy. Clear processes and procedures are stipulated to ensure that all transactions are processed effectively and efficiently in a bid to ensure prudent financial control. Refer to Appendix 23.

Borrowing, Funds and Reserves

This policy strives to establish a borrowing framework policy for the Municipality and set out the objectives, policies, statutory requirements and guidelines for the borrowing of funds. The policy provides a framework to ensure that the annual budget of Stellenbosch Municipality is fully funded

and that all funds and reserves are maintained at the required level to avoid future year non cash backed liabilities. The policy aims to give effect to the requirements and stipulations of the Municipal Finance Management Act and Municipal Budget and Reporting Framework. Refer to Appendix 24.

Liquidity Policy

The documented Liquidity Policy sets out the minimum risk management measures that Stellenbosch Municipality has to implement and adhere to in order to ensure that its current and future liquidity position is managed in a prudent manner. This policy will be implemented to provide guidance on the minimum liquidity level that Stellenbosch Municipality has to maintain in order to comply with required legislative and / or National Treasury directives and within the overall financial management objectives as approved/reviewed by the Council from time to time. Refer to Appendix 25.

Inventory Management Policy

In terms of the MFMA, the Accounting Officer for a municipality must:

- (a) be responsible for the effective, efficient, economical and transparent use of the resources of the municipality as per section 62 (1)(a);
- (b) take all reasonable steps to prevent unauthorised, irregular and fruitless and wasteful expenditure and other losses as per section 62(1)(d); and
- (c) be responsible for the management, including the safeguarding and the maintenance of the assets, and for the management of the liabilities, of the municipality as per section 63 (1)(a) and (b).

The policy aims to achieve the following objectives which are to provide guidelines that employees of the Municipality must follow in the management and control of inventory, including safeguarding and disposal of inventory, procure inventory in line with the established procurement principles contained in the Municipality's Supply Chain Management Policy and eliminate any potential misuse of inventory and possible theft. Refer to Appendix 26.

Preferential Procurement Policy

Section 217(1) of the Constitution, 1996 (Act 108 of 1996) provides that when contracting for goods and services, organs of state must do so in accordance with a system that is fair, equitable, transparent, competitive and cost effective. Section 217(2) and (3) of the Constitution allows organs of state to grant preferences when procuring for goods and services within a Framework prescribed by National legislation. The preferential procurement policy is founded on the following principles, namely, value for money, open and effective competition, ethics and fair dealing, accountability and reporting and equity. This policy will be applicable to all active industry sectors within the

Stellenbosch Municipal area and must be read with the supply chain management policy of the municipality. Refer to Appendix 27.

Performance Management Policy Framework

Performance Management is a process which measures the implementation of the organisation's strategy. It is also a management tool to plan, monitor, measure and review performance indicators to ensure efficiency, effectiveness and the impact of service delivery by the municipality. At local government level performance management is institutionalized through the legislative requirements on the performance management process for Local Government. Performance management provides the mechanism to measure whether targets to meet its strategic goals, set by the organisation and its employees, are met.

The constitution of S.A (1996), section 152, dealing with the objectives of local government paves the way for performance management with the requirements for an "accountable government". The Municipal Systems Act (MSA), 2000 requires municipalities to establish a performance management system. Further, the MSA and the Municipal Finance Management Act (MFMA) requires the Integrated Development Plan (IDP) to be aligned to the municipal budget and to be monitored for the performance of the budget against the IDP via the Service Delivery and the Budget Implementation Plan (SDBIP).

In addition, Regulation 7 (1) of the Local Government: Municipal Planning and Performance Management Regulations, 2001 states that "A Municipality's Performance Management System entails a framework that describes and represents how the municipality's cycle and processes of performance planning, monitoring, measurement, review, reporting and improvement will be conducted, organised and managed, including determining the roles of the different role players."

Section 57 makes the employment of the Municipal Manager and Managers directly accountable to him subject to a separate performance agreement concluded annually before the end of July each year. Section 67 regards the monitoring, measuring and evaluating of performance of staff as a platform to develop human resources and to hold municipal staff accountable to serve the public efficiently and effectively. Performance Management, therefore, is not only relevant to the organisation as a whole, but also to the individuals employed in the organization as well as the external service providers and the Municipal Entities.

This framework therefore describes how the municipality's performance process, for the organisation as a whole will be conducted, organised and managed.

It also has the following objectives:

- Clarify processes of implementation
- Ensure compliance with legislation
- Demonstrate how the system will be conducted
- Define roles and responsibilities
- Promote accountability and transparency
- Reflect the linkage between the IDP, Budget, SDBIP and individual and service provider performance. Refer to Appendix 28.

F: OVERVIEW OF KEY BUDGET ASSUMPTIONS

Municipalities' long-term financial viability depends largely on the extent to which improved and sustainable revenue capacity on the one hand and sound financial management of its resources on the other hand can be achieved. These imperatives necessitate proper multi-year financial planning. Future impacts of revenue streams, expenditure requirements and the financial implications for the community at large (i.e. the potential influence on rates, tariffs and service charges) must be identified and assessed to determine the sustainability of planned interventions, programs, projects and sundry service delivery actions.

Taking these principals into consideration, the following assumptions (**ceteris paribus**) were made and relates to the parameters within which the budget was compiled for the next three years

	2017/2018	2018/2019	2019/2020
Percentage Increase:			
Water	7.00%	7.00%	7.00%
Electricity	1.88%	6.00%	6.00%
Sanitation	9.00%	9.00%	9.00%
Refuse	9.00%	9.00%	9.00%
Property Rates - Residential	-24.67%	6.00%	6.00%
Property Rates - Agricultural	-24.30%	6.00%	6.00%
Property Rates - Business	-17.28%	6.00%	6.00%
Collection Rates			
Water	96%	96%	96%
Electricity	96%	96%	96%
Sanitation	96%	96%	96%
Refuse	96%	96%	96%
Rates	96%	96%	96%
Employee Related Costs			
Salaries and Wages and related costs	7.90%	7.00%	7.00%
Notch Increment	2.40%	2.40%	2.40%
Other Assumptions			
Bulk Purchases - Electricity	0.33%	6.00%	6.00%
Bulk Purchases - Water	6.00%	6.00%	6.00%

Budgetary constraints and economic challenges meant that the municipality had to apply a combination of cost-saving interventions and higher than headline CPI revenue increases to ensure a sustainable budget over the medium term.

The budget theme of “*Driving Efficiencies; i.e. reprioritization of existing resources / current allocations*”, resulted from the realization that no, or limited, scope for additional externally- or internally-funded revenue growth existed and the challenge that more needed to be done with the existing resource envelope. This was reiterated in **National Treasury Budget Circular 58** where it states that “...municipalities must adopt a conservative approach when projecting their expected revenues and cash receipts. **Municipalities should also pay particular attention to managing all revenue and cash streams effectively and carefully evaluate all spending decisions.**”

The municipal plans to implement a fleet management solution that will enable managers/heads/supervisor to effectively and efficiently manage and monitor the fleet allocated to their respective departments. As a result we foresee that the fuel and oil expenses will decrease with 8% for the 2017/2018 Financial year.

In previous financial year the municipality implemented means to manage the telephone usage which resulted in a reduction in the telephone cost. The telephone expenditure decreased with 8.5% to R3.071 million in 2017/2018.

These are some of the initiatives the municipality plans to implement under the budget theme “*Driving Efficiencies; i.e. reprioritization of existing resources / current allocations*”,

G: HIGH LEVEL BUDGET OVERVIEW

Capital Budget for 2017/2018, 2018/2019 and 2019/2020

Although the capital budget is infrastructure orientated and addresses the very urgent need for the upgrading of infrastructure as addressed by the different infrastructure master plans, it does however speak to the IDP (Integrated Development Plan) and the needs of the community. It's also aligned to the strategic priority in the State of the Nation Address of Infrastructure investment and the "back to basics" approach. The responsiveness of the budget can be measured against what was identified as priorities by the community and the actual amount allocated, bearing in mind that resources are limited, to address or at least alleviate the most critical needs identified.

In this regard it is important to note that the need for infrastructure upgrades, inclusive of electricity infrastructure were key to ensure the delivery of sustainable services.

The capital budgets as proposed, amounts to:

<u>2017/2018</u>	<u>2018/2019</u>	<u>2019/2020</u>
R	R	R
390 656 510	319 514 295	226 872 950

Compilation of the Capital Budget

The capital budgets depicted per Directorate are as follows:

	<u>2017/2018</u>		<u>2018/2019</u>		<u>2019/2020</u>	
	R	%	R	%	R	%
Municipal Manager	35 000	0.01%	35 000	0.01%	35 000	0.02%
Planning and Development	5 393 000	1.38%	2 335 000	0.73%	250 000	0.11%
Community and Protection Services	19 023 700	4.87%	13 780 300	4.31%	10 382 950	4.58%
Strategic and Corporate Services	8 000 000	2.05%	7 100 000	2.22%	6 400 000	2.82%
Human Settlements	32 872 000	8.41%	47 400 000	14.84%	25 590 000	11.28%
Engineering Services	323 462 810	82.80%	248 713 995	77.84%	184 065 000	81.13%
Financial Services	1 870 000	0.48%	150 000	0.05%	150 000	0.07%
	390 656 510	100.00%	319 514 295	100.0%	226 872 950	100.0%

Investment in infrastructure for the next three years equals:**Financing of the Capital Budget**

The proposed financing sources of the capital budget for the next three years are as follows:

	2017/2018		2018/2019		2019/2020	
	R		R		R	
<u>Own Funding</u>						
Capital Replacement Reserve	170 519 510	43.65%	157 112 295	49.17%	149 419 950	65.86%
<u>External Funding</u>						
Grants National Government	47 594 000	12.18%	52 302 000	16.37%	59 353 000	26.16%
Grants Provincial Government	12 543 000	3.21%	30 100 000	9.42%	18 100 000	7.98%
External Loans	160 000 000	40.96%	80 000 000	25.04%	0	0.00%
Public Contributions and donations	0	0.00%		0.00%	0.00	0.00%
	390 656 510	100.00%	319 514 295	100.00%	226 872 950	100.00%

As alluded to in the before-mentioned text and in the Council item; substantial investment in infrastructure is crucial in order to maintain sustainable levels of service delivery. For the detailed capital projects please refer to **Appendix 1 – Part 2 – Section N**.

Operating Budget for 2017/2018, 2018/2019 and 2019/2020
Expenditure

The operating expenditure budget per Vote (Directorate) is as follows:

	<u>2017/2018</u>	<u>2018/2019</u>	<u>2019/2020</u>
	R	R	R
Municipal Manager	21,917,937	23,412,217	25,025,251
Planning and Development	55,522,449	59,876,197	64,605,994
Human Settlements	66,425,925	70,427,303	74,725,298
Engineering Services	320,308,894	342,866,857	367,228,808
Community and Protection Services	810,355,853	865,635,577	913,512,295
Strategic and Corporate Services	120,647,172	128,512,273	136,996,183
Financial Services	82,562,995	89,421,850	96,891,774
Total Expenditure	1,477,741,225	1,580,152,274	1,678,985,603

The operating expenditure budget per category is as follows:

	<u>2017/2018</u>	<u>2018/2019</u>	<u>2019/2020</u>
	R	R	R
Employee related costs	479,848,138	525,433,712	575,349,911
Remuneration of councillors	17,292,583	18,157,212	19,065,073
Depreciation & asset impairment	168,339,341	171,969,526	175,685,468
Finance charges	28,621,545	40,821,545	42,821,545
Bulk purchases	346,142,560	366,911,114	388,925,781
Transfers and grants	7,250,000	7,612,500	7,993,125
Other expenditure	430,247,058	449,246,665	469,144,700
Total Expenditure	1,477,741,225	1,580,152,274	1,678,985,603

The operational budget will be funded as follows:

	<u>2017/2018</u>	<u>2018/2019</u>	<u>2019/2020</u>
	R	R	R
Electricity Sales	496,336,460	526,494,800	559,523,320
Water Sales	143,043,290	153,054,780	163,767,180
Sewerage Charges	88,676,812	96,657,724	105,356,917
Refuse Charges	46,350,734	50,522,293	55,069,300
Property Rates	313,009,130	331,789,680	351,697,050
Sundry Income	391,697,880	425,510,360	444,548,459
Total Income	1,479,114,306	1,584,029,637	1,679,962,226

H: OVERVIEW OF THE BUDGET FUNDING

Financing of the Capital Budget

The proposed financing sources of the capital budget for the next three years are as follows:

	<u>2017/2018</u> R	<u>2018/2019</u> R	<u>2019/2020</u> R
Capital Replacement Reserve	170 519 510	157 112 295	149 419 950
Grants National Government	47 594 000	52 302 000	59 353 000
Grants Provincial Government	12 543 000	30 100 000	18 100 000
External Loans	160 000 000	80 000 000	0
CDF/ Public Contributions	0.00	0.00	0.00
	390 656 510	319 514 295	226 872 950

Grant funding from National Government includes the following:

- Municipal Infrastructure Grant
- Integrated National Electrification Programme (Municipal) Grant
- Energy Efficiency and Demand Side Management Grant

Grant funding from Provincial Government includes the following:

- Sustainable Human Settlement Grant
- Integrated Transport Planning
- Library Services Grant
- Fire Capacity Building Grant
- Regional Socio-economic project/ violence prevention through urban upgrading (RSEP/VPUU) municipal projects
- Financial assistance to municipalities for maintenance and Construction of transport infrastructure

Financing of the Operational Budget

The operational budget is financed from the tariff increases as displayed above. In addition to these, the following grant allocations are expected and expenditure was adjusted accordingly:

- Equitable Share Allocation
- Community Development Worker Operational Support Grant

- Library Assistance Grant
- Financial Management Capacity building Grant
- Financial Management Grant
- Municipal Systems Improvement Grant
- Expanded Public Works Program Incentive Grant
- Sustainable Human Settlement Grant

REPORT RECEIVED FROM COMMUNITY DEVELOPMENT: 2017/18 GRANT-IN-AID ALLOCATIONS

PURPOSE OF REPORT

To present Grant-in-Aid applications and recommended donations for the financial year 2017-2018 to Council for consideration and subsequent approval

BACKGROUND

In terms of Council's Grant-in-Aid Policy (**APPENDIX 14**), proposals / applications for grant-in-aid were called for by means of advertisement in the press on 22 November 2016 (Boland Gazette) and on the municipal website.

The advertisement included an invitation to attend a compulsory workshop on 05 December 2016 to assist and give guidance on the policy and application procedure. One hundred and fifty seven (157) persons attended the workshop.

The above mentioned workshop followed a financial management workshop for emerging organizations on 22 November 2016 to build management capacity within organizations to promote compliance with policy requirements. This workshop was attended by 62 participants.

By the closing date (9 January 2017), 104 applications were received.

The below graph shows the relation between workshop attendance, applications received and the grants recommended.

DISCUSSION

The Department Community Development and delegated officials of the Budget Office scrutinized and evaluated one hundred and four (104) applications representing the following categories:

CATEGORY	SUB CATEGORY	APPLICATIONS RECEIVED	APPLICATIONS RECOMMENDED
Social Development	General	4	3
	ECD	36	8
	Disability	6	2
	Elderly	5	0
	Youth	11	4
	Substance Abuse	3	1
	Gender	2	0
	Food Security	2	1
	Skills Development	4	0
Health	Physical and Psychological	4	0
Environment	General	2	1
Sport, Art and Culture	Sport Clubs	22	4
	Art and Culture	3	0
Total		104	24

Table 1: Applications and grant recommendations per category

The detailed of applications received and evaluated can be found below the item.

The approved Grant-in-Aid policy of 2016-17 calls for organizations to indicate the wards within which services are rendered. This allows the municipality to measure and report on support given to communities per ward through the donation programme.

The following wards will benefit from the recommended donations:

SUB CATEGORY	APPLICATIONS RECOMMENDED	WARDS SERVED THROUGH THE ORGANIZATIONS	CONTRIBUTION AMOUNT
General Soc Dev	3	1, 2, 13, 14, 15, 18	R 120 000
ECD	8	6, 10, 12, 14, 15	R 271 000
Disability	2	1, 2, 5, 6, 12, 13, 14, 15, 16, 17, 20, 21	R 80 000
Elderly	0	-	R 0
Youth	4	2, 12, 13, 14, 15, 16, 18, 22	R 160 000
Substance Abuse	1	4, 6, 7, 8, 9, 10, 16, 17	R 40 000
Gender	0	-	R 0
Food Security	1	all	R 40 000
Skills Development	0	-	R 0
Physical and Psychological Health	0	-	R 0
Environment	1	10, 19, 21	R 40 000
Sport Clubs	4	1,2,3,4,5,6,18	R 160 000
Art and Culture	0	-	R 0
Total	24		R 911 000

Table 2: Ward based recommendations and financial allocations

Council should note provisions in the Grant in Aid policy regarding compulsory supporting documents with specific reference to audited financial statements vs. signed statements (by chairperson and treasurer) for emerging organizations.

It became apparent that organizations classify themselves as “emerging” even though operating for a number of years without visible increased capacity in financial management. For this purpose the financial management workshop referred to above has been introduced as an annual capacity building workshop by the department for the past three years.

The department notes a significant decline in the quality of applications along with an increase in non-compliance to the policy resulting in few recommendations made. A couple of proposals were

however provisionally approved to allow organizations who still have to the end of the current financial year to report on previous expenditure to do so.

The reason for not recommending organizations can be found in the notes column of detailed list of applications below. Most of the reasons for non-compliance can be categorized in two categories of reasons:

1. Incomplete forms and/or rudimentary mistakes (Application form, creditors control form, etc.) which can easily be remedied during the period of public comment for the draft budget.
2. Evidence of poor organizational management skill and/or capacity (This is especially evident in the conflicting information found in the application vs. rules stipulated per organizational constitution. Constitution indicating a certain number of board members with application indicating less, financial year not specified in constitution and/or financial statements not reflecting the financial year period, financial statements not meeting minimum accounting principle requirements) which will require in depth assessments of individual organizations and subsequent capacity building.

The Municipality would like to support as many as possible organizations delivering valuable services within our communities, but cannot disregard requirements of the MFMA (56 of 2003) Section 67 stipulating the responsibility of council to ensure donations are made to organizations who has the capacity to govern itself according to accepted financial practises and who can deliver the services for which the donation is required and benefiting the intended target audience.

To address the above

- Organizations can appeal the outcome of the recommended Grant-in-Aid donations during the month that the draft budget is open for public comment. Appeals should be in writing addressed to the Budget Office as per the normal public comment procedure for the draft budget.
- In order to remediate the significant decline in the quality of applications and the increase in policy non-compliance, the Department Community Development intent to embark on a series of organizational capacity building workshops calling on experts in the field to assist struggling organizations prior to the next call for proposals. This initiative is however dependant on the availability of budget.

COMMENTS BY THE CHIEF FINANCIAL OFFICER

The CFO confirmed that the amount of R 2 600 000.00 on vote 1/7802/3600 has been budgeted for Grant-in-Aid on the 2017-18 draft budget.

RECOMMENDED

- a) That council consider and approve the recommended and provisional donations to organizations as per detailed list below;
- b) That the detailed list of applications received and evaluated be advertised as part of the draft budget for public comment allowing public comment and non-recommended organizations to appeal in writing within the public comment period;
- c) That the final list of Grant-in-Aid donations be brought back to council for consideration of possible appeals as part of the final 2017-2018 budget in May 2017.

GRANT-IN-AID 2017/2018: APPENDIX 1

O: LEGISLATION COMPLIANCE

Compliance with the MFMA implementation requirements has been substantially adhered to through the following activities:

- Budget and Treasury Office - A Budget Office and Treasury Office has been established in accordance with the MFMA.
- Budgeting - The annual budget is prepared in accordance with the requirements prescribed by National Treasury and the MFMA.
- Financial reporting - 100% compliance with regards to monthly, quarterly and annual reporting to the Executive Mayor, Mayoral Committee, Council, Provincial and National Treasury.
- Annual Report - The annual report is prepared in accordance with the MFMA and National Treasury requirements.

References

1. Must reconcile with 'Budgeted Financial Performance (Revenue and Expenditure)
2. Must reconcile to supporting documentation on staff salaries
3. Insert other categories where revenue or expenditure is of a material nature (list separate items until 'General expenses' is not > 10% of Total Expenditure)
4. Expenditure to meet any 'unfunded obligations'
- 5 This sub-total must agree with the total on SA22, but excluding councillor and board member items
6. Include a note for each revenue item that is affected by 'revenue foregone'
7. Special consideration may have to be given to including 'goodwill arising' or 'joint venture' budgets where circumstances require this (include separately under relevant notes)

References

1. Positive cash balances indicative of minimum compliance - subject to 2
2. Deduct cash and investment applications (defined) from cash balances
3. Indicative of sufficient liquidity to meet average monthly operating payments
4. Indicative of funded operational requirements
5. Indicative of adherence to macro-economic targets (prior to 2003/04 revenue not available for high capacity municipalities and later for other capacity classifications)
6. Realistic average cash collection forecasts as % of annual billed revenue
7. Realistic average increase in debt impairment (doubtful debt) provision
8. Indicative of planned capital expenditure level & cash payment timing
9. Indicative of compliance with borrowing 'only' for the capital budget - should not exceed 100% unless refinancing
10. Substantiation of National/Province allocations included in budget
11. Indicative of realistic current arrear debtor collection targets (prior to 2003/04 revenue not available for high capacity municipalities and later for other capacity classifications)
12. Indicative of realistic long term arrear debtor collection targets (prior to 2003/04 revenue not available for high capacity municipalities and later for other capacity classifications)
13. Indicative of a credible allowance for repairs & maintenance of assets - functioning assets revenue protection
14. Indicative of a credible allowance for asset renewal (requires analysis of asset renewal projects as % of total capital projects - detailed capital plan) - functioning assets revenue protection

References

1. All numbers to be expressed as whole numbers except FTEs and Rates in the Rand
2. To give effect to rates policy
3. Full Time Equivalent (FTE) should be expressed to one decimal place and takes into account full time and part time staff
4. Required to implement new system (FTE)
5. Provide relevant information for historical comparisons. Must reconcile to the total of Table SA12
6. Current and budget year must reconcile to Table A4 Budgeted Financial Performance (revenue and expenditure)
7. Included in rate revenue budget
8. In favour of the rate-payer

References

1. Positions must be funded and aligned to the municipality's current organisational structure
2. Full Time Equivalent (FTE). E.g. One full time person = 1FTE. A person working half time (say 4 hours out of 8) = 0.5FTE.
3. s57 of the Systems Act
4. Include only in Consolidated Statements
5. Include municipal entity employees in Consolidated Statements
6. Include headcount (number to persons, Not FTE) of managers and staff only (exclude councillors)
7. Managers who provide the direction of a critical technical function
8. Total number of employees working on these functions

References

1. Note that this section of Table SA 30 is deliberately not linked to Table A4 because timing differences between the invoicing of clients and receiving the cash means that the cashflow will differ from budgeted revenue, and similarly for budgeted expenditure. However for the MTREF it is now directly linked to A7.
